### BAN LIFTED ON CHURCH

#### Mexico Prelates Returning

Portes Gil Orders Passport Visas for Catholic Dignitaries

Masses to be Resumed on Ratification of Peace Agreement

MEXICO CITY, June 2. (Exclusive)—All Catholic archbishops and bishops banished from Mexico two years ago when they refused to obey the stringent regulations of the Calles government, will return home immediately.

It is expected that they will all be back by July 1, next, in time to celebrate the impending ratification of a new agreement between church and state with high masses.

President Portes Gil has ordered the Mexican consuls in other lands to visa the passports of the church dignitaries. Of the twenty-eight members of the episcopate, twenty-one went into exile in April, 1927.

The understanding reached by Archbishop Ruiz and President Portes Gil already has been accepted informally by the government and the Vatican. When this agreement is ratified the returning prelates will instruct their priests to resume church services in their dioceses. Thus masses, which recently have been held surreptitiously in Mexico, will once more be celebrated throughout the land.

WELCOME PLANNED  
Catholics in Mexico City received word today that Archbishop Ruiz will arrive here later in the week from Washington. Archbishop Francisco Ordoñez y Saenz of Morelia, crossed the border yesterday, the first member of the hierarchy to return from banishment.

A great reception will be given him upon his arrival in Cuernavaca, the second oldest diocese in Mexico. This will be the first of several demonstrations to greet the returning prelates.

Three archbishops—those of Guadalajara, Durango and Oaxaca—and four bishops took to the hills when their consular visas were refused for refusing to concentrate in Mexico City and report daily to the government.

A price was at one time set on the head of one of the fugitives, Archbishop Francisco Ordoñez y Saenz, but Federal troops never were able to capture him. Bishop Miguel de la Mora, who became a recluse, hid away among friends in this city and its suburbs, emerging from time to time to visit a church-school association.

Foreign correspondents who wished to interview him were obliged to pledge not to reveal the secret meeting place. The correspondents went to the residence of the bishop, who was in the city, but not to the attention of the authorities.

The bishop seemed to enjoy the secrecy and welcomed the opportunities to exchange views with foreigners. Archbishop Jimenez, however, was always inaccessible. The story went that only three persons ever knew where he was. Gen. Juan Aguilar, the War Minister, about a year and a half ago took the field in person to capture this distinguished Latin scholar and philosopher, dead or alive.

The general was close on the trail several times, but always villagers friendly to the church sped ahead of the pursuit and gave the archbishop warning.

THOUSANDS REPORT  
Of the 2000 Mexican priests more than 2500 have left the country within the past two years. The majority went to live in the United States. Archbishop Ruiz, whose triumphant return was spotlighted, was the first Mexican ever accorded the distinction as expected within a few days, made his home first in San Antonio and then in Washington.

No services will be held in the churches until the peace pact is actually signed. Masses ceased to be celebrated in Mexican churches July 31, 1928. However, in many private homes and chapels, including those of some government officials, services were held secretly. Sunday priests have banishment, under cover to baptize infants, perform marriages and administer the sacrament to the dying.

### Will Rogers Remarks:

AMARILLO (Tex.) June 2. (To the Editor of The Times) We closed the Fred Stone show last night in Pittsburgh and I started in right away pinch-hitting for Lindbergh. While he is honeymooning I am going west over his Transcontinental Air Transport line. Left Pittsburgh at midnight last night, caught big three-motored Ford plane at Indianapolis at 9 o'clock this morning. St. Louis at 11, Wichita, Kan., at 5:30 this afternoon. Stay here for the night and on to the Coast tomorrow. It's going to be a great route, and the only way to come or go west, so go ahead, Lindy and stay hid, the line is going great.

Yours,  
WILL ROGERS.

### HOLY MARCH IN SANTA FE

Ancient Ritual Carried Out

Sacred Processional Brings Devout to Shrines of Corpus Christi

Archbishop Joins Event With Descendants of Conquistadores

BY HARRY CARR

SANTA FE (N. M.) June 2. (Exclusive)—Through the narrow, twisting old streets of Santa Fe, city of the holy faith, in the very footsteps of the Spanish conquistadores, the sacred processional of Corpus Christi marched today.

Transported with devotion, their rosaries in their hands, singing psalms as old as the church itself, marched the descendants of the Spanish pioneers. For nearly four centuries these old Spanish families, generation after generation, have marched every year, singing the same psalm of prayer and supplication and in many cases telling their beads on the same rosaries.

TAKES SAME ROUTE  
The processional always follows the same route. It starts from the old stone cathedral made newly famous in Willa Cather's novel, and travels the route surrounding the land that used to be the seat of the archbishop. It passes the oldest church in the United States—San Miguel's.

Five times along the route it stops at sacred shrines. These shrines were honored to old Spanish families for services to the church which have long since been forgotten. In almost every case, the descendants of these eagle families still prepare the shrines. They are no longer rich grandees of Spain; most of them have become poor; but on this day they prepare the shrines of their fathers for the elevation of the host.

We watched it from the shrine of the old Delgado family. The

### FLOOD HITS CHEYENNE

Woman Drowned in Torrent

Swollen Creek Carries Away Dams and Wild Waters Sweep Wide Path

Property Damage \$350,000; Many Persons Rescued; Autoists in Peril

CHEYENNE (Wyo.) June 2. (P)—Property damage estimated at \$350,000 resulted from flood waters of turbid Crow Creek, which inundated the bottom lands of West and South Cheyenne early today, claimed one life and carried away four dams on the Hereford ranch, eight miles east of here, and a number of other smaller reservoirs down the valley near the Colorado-Wyoming State line.

Unable to hear the warning carried through the creek bottoms of Cheyenne because of deafness, and helpless to struggle to safety because of physical infirmities, Mrs. Saledad Rodriguez, 70 years of age, drowned when the waters of the raging creek struck her solitary dwelling. Her body was found under water in a room in her home.

OTHERS RESCUED  
A number of other persons who were incredulous, refusing to believe a dangerous flood condition could develop, did not evacuate their homes, and were rescued by city firemen operating from boats. The Hereford ranch suffered the heaviest property loss, which E. T. Lasear, one of the owners, tonight estimated will exceed \$350,000.

The entire irrigation system was carried away when the two principal dams, holding 1500 acre feet of water, collapsed. Two other smaller dams were washed away, a number of buildings were torn from their foundations, several other small reservoirs along the stream crumbled under the force of the torrent, the last one to be brushed away by the deluge being the Fendleson Dam near the Colorado-Wyoming line.

BRIDGES ALL OUT  
Every bridge between Cheyenne and Casper, fifteen miles south of here, was reported to have been washed out, and the telephone line that crossed Crow Creek just below the upper reservoir was severed and communication with Hereford and Grover, Colo., has been interrupted.

The property damage in Cheyenne is principally to small dwellings—approximately 200 in the creek bottoms, including cabins in two camp grounds—to automobiles, bridges and appliances to bridges. One bridge on the Lincoln Highway west of Cheyenne was the only one of six bridges in the flooded area to stand up.

Hundreds of motorists were marooned at the edge of the city. Two cabin camps were inundated.

CARRIES AWAY AUTO  
An automobile containing an unidentified man and woman was caught by the onrush of the flood when the Happy Jack bridge crumbled and communication with Hereford and Grover, Colo., has been interrupted.

Police and firemen with boats rescued scores of persons from houses in West and South Cheyenne in which water stood several feet deep.

In South Cheyenne, a Crow Creek, which a child can leap across under the week.

The Trinity is reported failing at Liberty, where considerable apprehension had been felt for several miles of the old Spanish Trail. The flood waters of the Neches are expected to reach their crest at Beaumont tonight.

The crest of the Brazos is moving at a snail's pace and residents of Fort Bend and Brazoria counties, nearest the gulf, wait stoically for its appearance. Nearly every town on high ground in the scene of a refuge camp as residents of the bottoms move out and take their stock from the lowlands. Little damage, other than to roads and crops, is expected in this section.

The crest passed Hempstead today, with the water as high as in the disastrous flood of 1922. Airplanes concentrated in Houston made as many trips to the trillies area as possible, carrying passengers and food supplies. The three towns, Goose Creek, Pelley and Baytown, remain isolated from the rest of the world, except by air, but

DECLINE SHOWN  
IN CONVICTIONSFederal Dry Law Data Given  
for Last Half of 1928Period Marked by Rise in  
Number of CasesDepartment of Justice Issues  
Statistical Report

WASHINGTON, June 2. (AP)—Prohibition violations taken into Federal courts were about 2000 more in number during the last six months of 1928 than during the corresponding period of 1927.

Statistics made public by the Department of Justice today show, however, that individual convictions were about 2400 fewer and fines assessed were \$300,000 less.

In all, 27,578 cases were tried during the last half of 1928, the report shows, with 23,863 convictions and \$2,222,146 assessed in fines.

A total of 3206 years' imprisonment was imposed in sentences during the 1928 period, while the total for the year of 1927 was 3477.

**FURTHER COMPARISONS**

Compared with the same months of 1926, there were about 5000 more cases instituted and about 9000 more than in 1926; fines were about \$300,000 less than for the 1926

REINFORCEMENTS  
COST PLENTY

Husband Fleeing from Bat-  
tling Male Pulls Fire  
Alarm, Pays \$50

MILWAUKEE (Wis.) June 2. (Exclusive)—Fletcher Williams was getting the worst of an argument with his wife, Cora, and as he fled from the house he pulled a fire alarm box at the corner. There engine companies, two trucks and an assistant chief came to help him. The cost of the rescue was \$50, which was the amount of his fine in district court.

period and \$800,000 more than for the 1926 period.

Steady decreases in cases, fines and assessments during the three years, the report shows, have occurred in Southern California districts, Western North Carolina, Middle Tennessee and the first and second divisions of Alaska. Consistent increases were made in Connecticut, Middle Georgia, Northern and Eastern Illinois and Hawaii.

## DECREASE SHOWN

Compared with the preceding year, the following districts showed decreases in all three items: Northern Alabama, Delaware, Southern Georgia, Indiana, Northern Iowa, Western Louisiana, Southern Mississippi, Eastern Missouri, Nebraska, Northern Oklahoma, Utah and Northern and Southern West Virginia.

The following districts showed increases in all items listed, comparing them on basis of 1928 and 1927: Eastern and Western Arkansas, Northern California, Eastern and Western Kentucky, Eastern Middle and Western Pennsylvania, Eastern South Carolina and Eastern Wisconsin.

KING REWARDS  
HIS PHYSICIANS

(Continued from First Page)

gets a membership in the fourth class of the Victorian Order.

A Knighthood Grand Cross of the Order of the Bath is conferred on Admiral Sir Sydney Fremantle, retired; on Admiral Sir Richard Phillimore, Principal Naval Aide-de-Camp to His Majesty; Gen. Sir Philip Chetwode, Chief of the General Staff in India; and Viscount Lee of Fareham, former Conservative Cabinet Minister and soldier.

A knighthood is conferred on Dr. Robert Woods, specialist in ultraviolet ray treatments, who assisted in the treatment of the King's illness.

Among the higher honors, W. C. Bridgman, retiring First Lord of the Admiralty, is advanced to a Viscount; Lord Hailsham, Lord Chancellor, is made a Viscount; and Lord Plumer, is also made a Viscount. The elevation of Mr. Bridgman was expected but he takes two steps in the peerage at one bound. The following were created barons: Sir William Berry, newspaper magnate; Col. Sir Edward Brotherton, former member of the House of Commons; Sir Robert Saunders, former Minister of Agriculture, and Sir George Tyrrell, British Ambassador to Paris.

The following are created privy counsellors:

Maj. John Walter Mills, former Military Secretary to the Treasury; Sir Ellis Hume Williams, member of the House of Commons; Earle Page, Treasurer in the Australian Government, and Lieut.-Col. Herbert Spencer-Clay, member of Parliament.

in and condemning all transactions with illegal liquor.

"We believe that prohibition should be given an honest trial, that it was enacted for the 'protection of the American home,' and that the moral force of the country is behind President Hoover in his endeavor to combat those forces which are attempting to frustrate the effort."

"President Hoover placed this matter first in his inaugural message. It is a compelling invitation. We invite our fellow-citizens, whatever their previous opinions and social practices, and particularly those in business and professional life, to join with us in following the President."

"To the full extent of our example and influence let us support our President and the Constitution—the Constitution that is the instrument of our sacred honor, the protection of our homes and property, and the bulwark of our national existence."

## SIGNERS OF MESSAGE

The following signed the message: Ralph H. Burdick, Wilson Leather Company, Portland, Or.; Col. Patrick Henry Callahan, president, Louisville Varnish Company, Louisville, Ky.; Frederick A. Chase, president, Chase Companies, Waterbury, Ct.; Charles B. Cook, vice-president, Royal Typewriter Company, Hartford, Ct.; W. H. Crosby, publisher, The Crosby Company, Buffalo, N. Y.; Robert Fulton Outing, director of the International Telephone and Telegraph Company, New York City; Capt. Robert Dollar, president of the Dollar Steamship Company, San Francisco; Thomas A. Schiele, National City Bank, New York City; Board, West Orange, N. J.; Henry Ford, president of the Ford Motor Company, Detroit; Alfred C. Puller, president of the Puller Brush Company, Hartford, Ct.; A. I. Hyde, president of the Menhaden Company, Wichita, Kan.; James N. Jarvis, director of the Cuba Cigar Corporation, New York City; Clarence H. Kelsey, chairman of the board, Long Bell Lumber Company, Kansas City, Mo.; George F. Milton, editor, Chattanooga, Tenn.; J. C. Penney, chairman of the board, J. C. Penney Company, New York City; George A. Primm, Jr., Col. publisher, New York City; James H. Post, president of the National Sugar Refining Company, New York City; Fred W. Renshaw, president, Metal Products Company, Cleveland, O.; Winslow Russell, vice-president, Phoenix Mutual Life Insurance Company, Hartford, Ct.; William J. Schieffelin, chairman of the board, Schieffelin & Co., New York City; Alfred P. Sloan, director, General Motors Corporation, New York City; Ambrose Swasey, the Warner and Swasey Company, Cleveland, and A. A. Welch, president, Phoenix Life Insurance Company, Hartford, Ct.

## DRY LEADER EXPECTS

DEFECTS WILL BE FOUND

WASHINGTON, June 2. (Exclusive)—The Anti-Saloon League believes any defects in enforcement of the prohibition amendment will be discovered and corrected through the work of President Hoover's law-enforcement commission.

This was the declaration made by P. Scott McBride, general superintendent of the league, in an address, which was broadcast over a network of the National Broadcasting Company.

Mr. McBride further declared that the "educational work of the prohibition bureau made possible through the recent appropriation will go far to quiet the present agitation of the opponents of prohibition."

The Anti-Saloon League superintendent declared the prohibition amendment already has proven to be a good law and that it should be enforced and upheld.

"In this, the tenth year of national prohibition," Mr. McBride declared, "conditions in the worst places now dry are better than they ever were in the same places while wet."

Mr. McBride cited for the radio audience ten reasons "why," he said, "the prohibition amendment should be maintained and upheld."

FLOOD SWEEPS  
ON CHEYENNE

(Continued from First Page)

der normal water conditions, between 200 yards wide in many places.

At the widest part, a man, woman and infant were marooned in a house for several hours. They were rescued about 7 a. m.

A heavy flood also moved down the Pole Creek Valley, fifteen miles north of here and many bridges are reported out in that locality. A number of ranch houses were flooded but there was no loss of life. The Burlington tracks were washed out fifteen miles northwest of Cheyenne, and that railroad was forced to use the Union Pacific tracks. It was reported late today that it probably will take a week to repair the Burlington damage.

## PLENTY OF TIME

## OIL HUNT INVADERS CHURCH

Ancient National Cathedral in Mexico City Will Be  
Site of Drilling Operations

MEXICO CITY, June 2. (AP)—Announcement that drilling for oil with in the National Cathedral, one of the oldest shrines in America and best known in Mexico, will start soon, was made today by the section of exploration and geological studies of the Department of Industry, Commerce and Labor. The drilling also will determine how firm a foundation the cathedral rests on.

The cathedral probably is the largest church in the country and forms one side of the Zocalo or central square of the city with the National Palace occupying another side. This has not only been the seat of government and religious center since the Spanish conquest but had a similar place in Aztec life from the Twelfth Century and from prehistoric times so served the Toltec civilization.

The government believes the Aztecs knew of an exploited petroleum

SANTA FE SEES  
SACRED RITUAL

(Continued from First Page)

dusty, narrow road turns there to follow the line to San Mateo. First came the golden cross of the church with a huge fluttering American flag just behind. Then the white banners of Corpus Christi. Behind marched 5000 of the faithful. Little girls from the convents wearing the white wedding veils of confirmation; old men trudging feebly in their robes of the past, struggling to carry their banners.

## MOTLEY PARADE

One whole section was of boys from the college of the Christian Brothers. Then troops and hundreds of troops marching in single file on both sides of the street. In one of these sections walked a society of Santa Fe following behind her cook and her garden all carrying their rosettes. Prominent attorneys, policemen in citizen's clothes, carters, day laborers, pottery peddlers, old women and little children trudged along the road.

Among the others plodding along was a young girl with a twisted, deformed leg, to whom every step must have been one of pain. A little later came a pretty, young Spanish girl with one leg, stump, stumping her way along on crutches.

There were purple banners, scarlet banners and emerald-green banners and banners of many colors. One division was made up of worn-looking elderly men, mostly in shabby clothes, some of them in shabby coats, some in shabby hats. They walked a very old man. The blood of the Spanish conquistadores was in his veins. But for his shabby clothes, he might have been a knight of medieval Spain.

## SINGS AS HE MARCHES

His fine aristocratic face was lit with a sun which glorified it. He held his rosy rosy high with outstretched arms. As he marched he sang. Part of the time he sang in Spanish, a litany of devotion. He sang of the goodness of Christ who died for us, "El señor Muere por nosotros." Again he sang in Latin; and the old men in the procession sang and sang in high, shrill falsettos. As they passed the Delgado shrine, some of the men knelt in the dust and crossed themselves.

Behind them came a company of about fifty tiny girls, some of them were dressed in angel wings and gauzy wings on their shoulders. All were in stiff white lawn with bridal veils on their little heads. Between them they carried a great satin-lined basket filled with white flowers. These they scattered in front of the shrine.

## FACE LIKE CANOE

The archbishop stopped at the shrine. He is a small man with a clear-cut face like a canoe. Behind him walked a very tall priest. The archbishop made his way through to the shrine, which was a canopy of white muslin. On the altar were the sacred images handed down from one generation to another. A little Delgado family. For blocks in every direction, as far as the little crooked streets permitted him to see, the archbishop looked out on block after block of kneeling people.

The chants in Latin; the prelates of the church in vestments of white and gold, faced with vivid splendor; the sharp acid odor of incense on the warm, soft summer wind; the display of the glittering golden monstrance; the moaning tinkle of the bell; then the sharp smacking crack of musketry as a squad of cadets fired a salute.

Then the procession marched on. The whole was up the worn steps of the cathedral through aisles of kneeling thousands.

Next Sunday there will be another ceremony and another procession in Santa Fe. This is the sacred festival of "Our Lady of Victory." It is hoary with tradition.

## OMEN HALTS MARCH

Somewhere along in 1693, there was an Indian uprising in Santa Fe. De Vargas marched to the relief. As he came near the old city with his soldiers, they carried an image of the Virgin.

After a rest, the soldiers who carried the image, could not lift it. Strong men could not budge it. De Vargas understood this as an omen. He ordered a halt and a rest of several days before venturing on the attack.

Then and there he promised the Virgin that, if she would grant him victory, her memory should be honored by a great ceremonial every year. There was the image which will be carried to the chapel

PLANE GROOMED FOR  
MILAN-CHICAGO TRIP

MILAN (Italy) June 2. (AP)—Final tests to the motor of the Caproni plane in which the Polish aviators, Adam Kowalczyk and Kiles hope to fly from Milan to Dublin and thence to Chicago are being made. The four motors were started running yesterday and will be kept going until Tuesday at 2000 revolutions per minute. The aviators believe they will be ready to take off at the end of this week.

GRAFTERS USE  
DRAFTING PLAN

Inside Plot of \$1,000,000,000  
Bankruptcy Ring Told

Two Hundred Failures in  
Business Laid to Gang

Score of Federal True Bills  
Expected in New York

NEW YORK, June 2. (Exclusive)—That the \$1,000,000,000 bankruptcy ring now under secret investigation by U. S. Atty. Charles H. Tuttle and staff used a selective draft system in forcing various businesses into bankruptcy, multitudes in all between \$50,000 and \$500,000 from about 300 business failures, was revealed today.

When members of the ring noted that a business was ripe for picking, it was charged that a bankruptcy was arranged and the hand cleaned up.

The bankruptcy crowd employed underworld characters, hiring burglars and bandits to relieve bankrupts of what members of the ring were personally unable to take, and repeatedly connived with higher ups as these business failures passed through bankruptcy divisions of Federal courts, it also became known today for the first time.

NEW MONEY TO  
BE OUT JULY 10

(Continued from First Page)

The back designs are uniform for each denomination irrespective of kind. The face designs, likewise, are characteristic for each denomination as regards the important protective features, with only sufficient variation in detail to indicate the kind.

The new currency will have the following distinguishing embellishments, according to denomination: One dollar, portrait of Washington on the face, and an ornate "one" on the back.

Five dollar, portrait of Jefferson on the face and a picture of Monticello on the back.

Ten dollar, Hamilton on the face, and the United States Treasury on the back.

Twenty dollar, Jackson on the face, and the White House on the back.

Fifty dollar, Grant on the face, and the Capitol on the back.

One hundred dollar, Franklin on the face, and Independence Hall on the back.

ONE FOUND DEAD  
IN TEXAS FLOOD

Prime Minister in Seclusion  
and Pondering Course

Newspapers See Stalemate  
in Parliament Situation

Conservatives Lay Defeat  
to Methods of Liberals

LONDON, June 2. (P)—The  
whole British political world today  
waits on Prime Minister Baldwin,  
who has withdrawn to the seclusion  
of his official residence at  
Chequers to think over the political  
situation, with police at the  
gates to repel inquisitive callers.  
There has been no open develop-  
ment. The newspapers call the  
Parliamentary position a stalemate  
but that postulates that David  
Lloyd George and the Liberals who  
formed part of the opposition in  
the last Parliament will be equally  
ready to join with a Conservative  
opposition in the new Parliament to  
overthrow a Labor government.  
The Conservatives attribute their  
defeat in the general elections to  
the Liberals having put in 500 can-  
didates for the avowed purpose of  
attracting votes away from Con-  
servative candidates. For this rea-  
son there is had blood between the  
two parties not conducive to an  
alliance between them.

**DIFFICULT POSITION**

Mr. Baldwin might, of course, re-  
construct his shattered government  
and meet Parliament, but he hardly  
can hope for help from Mr. Lloyd  
George to retain him in power.  
Some of the best friends of the  
Prime Minister are advising him to  
resign as the most dignified and  
most constitutional course. More-  
over, in his final speech in the elec-  
tion campaign, Mr. Baldwin said  
frankly that the country had to  
choose between himself, Ramsay  
MacDonald and David Lloyd George,  
and that he would accept the ver-  
dict. That verdict has been given  
and Mr. MacDonald commands the  
largest party in the new house.

Those who counsel the govern-  
ment to meet the new Parliament  
argue that the verdict of the elec-  
tion is inconclusive and that it is  
the responsibility of the new Par-  
liament to interpret it.

**TIME FOR DISCUSSION**

There still are three weeks before  
Parliament meets and therefore the  
time is ample for full discussion of  
all aspects of the situation.  
MacDonald and Lloyd George to-  
day discussed the position with their  
colleagues at their respective resi-  
dences. The Liberals themselves  
are not agreed on their course of  
action in the event that Mr. Baldwin  
decides to meet Parliament. Many  
responsible members consider the  
party should refrain from voting  
when a motion of no confidence in  
the Baldwin government is pro-  
posed in the Commons. They argue  
that they thus would avoid respon-  
sibility on the one hand of keeping  
the Conservative government in of-  
fice and, on the other, of putting a  
Labor government in power.  
Ramsay MacDonald tonight in a  
statement to the Herald, which sup-  
ports the Labor Party, declared that  
labor holds the initiative and is  
"going to keep it."  
"Mr. Baldwin must inform the  
country of his intentions without  
delay as a primary duty. The de-  
cision of the electors is perfectly

**"TIMES" ELECTION  
SERVICE**

In accordance with its cus-  
tom, The Times will make

day's municipal election by  
radio, from Station KHX, the  
Don Lee station, by special  
street editions and by tele-  
phone to all who call Tuesday  
night. First returns will be  
available probably about 7:30  
and will be broadcast at fre-  
quent intervals as long as the  
results remain in doubt.

**COLBY REVEALS  
RIDICULE PACT**

Estranged Pair's Agreement  
Disclosed in Wife's Suit

Her Book Declared Violation  
of Pledge to Spare Him

Alimony Trial Scheduled to  
Open in East

NEW YORK, June 2. (Exclusive)  
An agreement between former Sec-  
retary of State Bainbridge Colby  
and his estranged wife to recom-  
pense her if she refrained from  
ridiculing her prominent and dis-  
tinguished husband, was disclosed today  
in a bill of particulars furnished  
by Colby in her alimony suit, due  
for trial tomorrow in Supreme  
Court. Colby charges that his wife,  
a writer, had violated their agree-  
ment in her published novel, "The  
Green Forest" was signed in 1923.  
The agreement was signed in 1923.  
It was said. By its terms, Mrs.  
Colby was to get \$1500 a month so  
long as she restrained herself and  
looked no fun at her spouse.  
Colby filed suit for divorce in  
Paris, following publication of the  
book, but his application was denied  
two years ago. He still resides in  
Paris.

**FEN PORTRAIT**

It was charged that Mrs. Colby's  
skill at character delineation was so  
great that some readers of the book  
had no difficulty in finding in the  
central male character a perfect por-  
trait of Colby. Mrs. Colby, the  
former Nathalie Sedgwick, scouted  
their findings, however.  
"Mrs. Colby is much too colossal  
a figure to be encompassed in any  
single book," she declared. "A  
woman's worst handicap is mar-  
riage with an egoist," she declared  
in a magazine article.  
"He is fatal in a home and the  
credit for his rapid disappearance  
is due to the modern woman."  
Colby has signed an agreement  
to end the six-year strife with his  
wife by paying \$150,000, but Mrs.  
Colby has refused to affix her sig-  
nature to the document because  
payment has not been guaranteed to  
her satisfaction.

**END OF TRUCE**

Colby refused to meet her terms,  
and so the truce between them  
ended on Saturday.  
In consequence the alimony suit  
will go on the calendar tomorrow  
morning, and Mrs. Colby's counsel  
will demand immediate trial.  
Colby still has a chance to pre-  
vent a public airing of their mar-  
ital misadventures if he will post  
the guarantee before the taking  
of evidence is begun.  
Colby, native of St. Louis, Mo.,  
is a lawyer of international repu-  
tation and was in the Cabinet of  
the late President Wilson.

**MANY HURT  
IN MARKET  
EXPLOSION**

Three Seriously Injured  
and Fifteen Others Cut by  
Glass After Blast

SCRANTON (Pa.) June 2. (P)—  
Three persons were seriously in-  
jured and fifteen others suffered  
cuts and bruises late last night by  
a "terrific explosion that wrecked  
th. Sterling Market, a two-story  
grocery store and meat store at  
Dickson City, near here.  
Fire, which followed the explosion,  
damaged three buildings.  
The most seriously hurt were  
Joseph Sabatelli, of Old Forge, pro-  
prietor of the Sterling Market,  
Frank Krolowski, barber, Dickson  
City, and Edward Koboski, Dick-  
son City.  
Joseph Fowlinski, a pedestrian, was  
hurled through the air and over  
a fence by the explosion, but is  
not seriously injured. James Munley,  
another pedestrian, was knocked  
down by the blast.  
County detectives are trying to  
ascertain whether it resulted from  
dynamite or whether an ammonia  
tank in the market blew up.

Joseph F. Feltig, 65.

**BUSINESS  
MAY LURE  
LINDBERGH**

Much-Sought Bridegroom  
Scheduled at Meeting of  
Air Directors Today

NEW YORK, June 2. (Exclusive)  
The week-old honeymoon of the  
elusive Col. Charles A. Lindbergh  
and his petite bride, Anne Morrow  
Lindbergh, may be broken tomor-  
row by business—even though it  
has remained inviolate so far as  
the world's curiosity is concerned.  
For tomorrow morning at 10  
o'clock the famous aviator is sched-  
uled to attend an important meet-  
ing of the Pan-American Airways  
directors in New York City. Direc-  
tors tonight refused to reveal  
whether Lindbergh is coming to  
their meeting or has been success-  
fully lured by business. They would  
only say:  
"He is scheduled to attend."  
While the world sought the hap-  
py pair on land and sea, and in  
the air, the rumor persisted that  
they are once more hiding on an  
island, Sapelo, the island retreat of  
Howard E. Coffin, off the coast of  
Georgia. Verification of the  
report was impossible, for an armed  
guard surrounds the island.  
But Englewood (N. J.) residents  
refuse to believe it. They insist  
that the Lindberghs have been at  
a hideaway near Englewood all  
the time since their sudden mar-  
riage.

**LINDBERGH'S RETREAT  
NOT ON SAPELO ISLAND**

SAPELO ISLAND (Ga.) June 2.  
(P)—Overseers on the Sapelo Island  
of Howard Coffin, financier, today  
said Col. and Mrs. Charles Lind-  
bergh are not honeymooning on  
Sapelo or any other of the South  
Georgia island group so far as they  
knew.

**Plans Set for  
Refueling Test**

SAN FRANCISCO, June 2. (Ex-  
clusive)—Pilots and personnel were  
named and further plans made to-  
day for the endurance flight record  
attempt of the San Franciscoan,  
which will take off at the end of  
this week from Mills Field in the  
effort.  
Harry Abbott and Ray Crawford,  
two experienced flyers, will be at  
the controls of the ship, with James  
W. Warner, radio operator of the  
Southern Cross on its hop from  
this city to Australia, operating a  
broadcast set.  
Donald A. Templeman will pilot  
the refueling plane, with Grover  
Mitchell as mechanic and refueling  
assistant.

**Specialist Joins  
U.C. School Staff**

BERKELEY, June 2. (Exclusive)  
Dr. Howard C. Naffziger, charac-  
terized as one of the foremost  
brain surgeons of the United States,  
has accepted appointment as pro-  
fessor of surgery in the University  
of California Medical School, it is  
announced by Dean Porter. The  
appointment is effective July 1,  
next.  
Dr. Naffziger is an alumnus of  
U. C. having obtained both bachelor  
and master degrees here. He also  
is a native of California.

**NABOB—A luxurious, rich man.**

One does not need to be a nabob to own  
a Pierce-Arrow

Our system of preparing Re-Perfected Pierce-Arrow motor cars opens a  
market for a limited number of motorists who want the same quality of  
motoring a nabob enjoys, but who do not feel like making as large an  
investment as a new car purchase requires.

We are offering a Re-Perfected Pierce-Arrow Brougham of the "81"  
series which would satisfy most any nabob. You cannot cavil at the con-  
dition of the excellent finish nor at the tires which were put on a few  
miles back—all five of them.

Mechanically, the car will satisfy. We Re-Perfected it in our own shops.  
We guarantee it in the same manner and will service it for the same  
period as if it were a new Pierce-Arrow. It is another one of those  
remarkably attractive Re-Perfected Pierce-Arrows that we can desig-  
nate as an exceptionally clean job—as the shop boys say.

The Price is \$2350

Terms and exchanges are your privilege.

## GILBERT FACES POSITION LOSS

Reparation Agent Will be Eliminated

Bank Will be Substituted for Commission

Experts at Work on Draft of Final Report

PARIS, June 2. (AP)—The loss by S. Parker Gilbert of his job as general agent for reparations payments will be one of the consequences of the report of the second Dawes committee now well toward completion, if the government accepts it. Another important result will be the practical suppression of the reparations commission as a medium for payments while an experiment with big possibilities in it will be the recommendation that a new international institution be set up to handle reparations called "the Bank for International Settlements."

Other interesting features apart from the proposed substitution of the committee advanced by Owen D. Young, American chairman of the conference, for those of the Dawes committee, are the recommendation that the experts that their governments clean up the last post-war problems yet unsolved, such as the obligation of Poland, Rumania, Yugoslavia, Czechoslovakia and Italy, as successors of Austrian territory, to pay a proportionate part of Austria's public debt.

As no minutes of the committee's deliberations were kept, their discussions, so far as will be referred to, will be briefly summarized. The report, so far as the actual activities are concerned, will begin with a method of procedure at the time when neither the Germans nor creditors were inclined to take the stand.

This will lead up to presentation of the creditors' demand for thirty-seven annuities of 2,500,000,000 marks; twenty-one annuities of 100,000,000 marks and one annuity of 900,000,000 marks. Since this proposal went by the board it will be disposed of briefly in the new report which will, however, explain the methods and discussion which resulted from Mr. Young's memorandum.

**FIGURES EXPLAINED**  
The German offer of thirty-seven annuities of 1,600,000,000 marks will also be explained with a bare explanation, unless both sets of figures are left out altogether as having been superseded by Mr. Young's proposal. The American chairman's second intervention with proposed annuities of 2,500,000,000 marks (approximately \$425,000,000) over a period of thirty-seven years; 1,000,000,000 marks (approximately \$166,666,667) for one year, that were finally adopted with slight modifications, will be explained at some length, probably with a summing up of conditions to which the Germans subordinated their acceptance. These conditions already were in the second draft report along with observations made by the creditors. The drafting experts now are engaged in modifying them in accordance with the final agreement.

**SILENT ON DEBTS**  
It is unlikely the report will make any reference to war debts other than simple announcement of the agreement whereby German annuities would be reduced proportionately to any eventual reductions made in the United States in debts due them by the Allies.

The complete new text probably will be ready for consideration by the full drafting committee Monday. Suggestions that may arise from this examination, however, cannot take more than a day, by that the final text will be ready for signature Wednesday at the latest, providing, of course, that the Belgian experts' position has been disposed of in the meantime.

**GERMAN-BELGIAN AGREEMENT FORECAST**  
BRUSSELS, June 2. (AP)—Government circles tonight are convinced that an arrangement with the Belgians over their claim for compensation for millions of paper marks left in Belgium after the war is accomplishable. Willingness of the German government to engage in negotiations toward this end was revealed.

At the same time indications are that Germany strongly maintains that the Belgians claim nothing whatever to do with the reparations agreement and refuses to admit the possibility that all the Allies would support their claims to the extent of jeopardizing agreement at Paris.

It is emphasized here that both sides are in such urgent need of settlement of the war reparations problem that despite French allegations of solidarity between other allied representatives and the Belgians, a way must and will be found out of the difficulty.

**WOULD CLOSE STUDIO**  
MILWAUKEE, June 2. (AP)—Wisconsin University is endeavoring to drop its radio station and send programs through other stations. It complains of restricted broadcasting area.

## Gossip Leads to Family Tragedy

First Lady's Role Filled at White House Supper

WASHINGTON, June 2. (AP)—With M. J. Hoover in East'n over the week-end, the role of hostess at tonight's informal White House supper was filled by Mrs. Robert Patterson Lamont, wife of the Secretary of Commerce.

In addition to Secretary Lamont, the guests included Senators Smoot of Utah and Allen of Kansas, Representatives Johnson of Washington, Cole of Iowa, and Fort of New Jersey.

Mrs. Hoover is expected back in Washington late tomorrow after a trip to Radcliffe College at Cambridge, Mass., for ceremonies celebrating the fiftieth anniversary of the establishment of that institution, and to Swarthmore College, near Philadelphia, to receive an honorary degree.

**WHIZZING PIGEONS**  
RICHMOND (Va.), June 2. (AP)—Three pigeons of the Hampton Roads naval base averaged sixty miles an hour in a recent race at the Hampton Roads flying club. The birds covered a 340-mile course in four hours flat.

**BOY HANGS SELF**  
QUINCY (Ill.), June 2. (Exclusive)—Depressed because a fractured ankle prevented him playing with other boys, Vernon Kelly, 14 years of age, hanged himself with his belt in a shed in the rear of his home here early this afternoon.

**Attention Visiting Nobles!**  
Send the Los Angeles Times back home during the convention. Special offer: the seven issues, June 2 to 8, mailed anywhere in North America 50c.

## MRS. LAMONT PLAYS HOSTESS

First Lady's Role Filled at White House Supper

## STARVING RECLUSE FOUND AS POLICE HUNT GHOST

HALIFAX (N. S.), June 2. (Exclusive)—Awakened by low moans from a room of the home which he just that day moved into, Alexander Clark hastily donned his clothes and rushed out of the house for assistance.

A police sergeant hearing his cries asked him what the trouble was. "There's a ghost in my house," replied Clark.

The sergeant accompanied Clark back to his home. Approaching the door of one of the rooms he, too, heard the moans. Putting his shoulder to the door he broke it down and found an aged woman lying across the threshold.

The furnishing of the room consisted of a broken table and a cot with its mattress sagging to the floor.

The woman was later identified as Mrs. Jane Curtis, once a well-known nurse in the city. Mrs. Curtis had no relatives and no money, and when the tenant

from whom she had rented the room moved away she had locked herself in and in the rush was forgotten.

She is now more than 80 years of age, and when she was removed to the hospital it was found that she was suffering from hunger.

**Chiefs to Prepare for Drive at Meeting Next Week**  
WASHINGTON, June 2. (AP)—National leaders of the Democratic party will gather here on the 10th inst. to discuss organization plans for "a militant and effective year-by-year and day-by-day" furtherance of party principle.

The occasion will be a dinner honoring Joseph R. Thompson, new chairman of the National Executive Committee. The dinner, which is being tendered by the Jefferson Democratic Association of the District of Columbia, is expected, it is said, to prove the initial assertion of an active Democratic party offensive of capturing control of Congress next year.

John J. Raskob, chairman of the national committee, will head a list of speakers who will address a national audience through a radio broadcast network.

## DINNER PLANNED BY DEMOCRATS

Chiefs to Prepare for Drive at Meeting Next Week

modern motors have no room for hard carbon!

You remember the crowds that jammed big auditoriums last year to see the new Fords—and their enthusiasm was justified. This really fine small car marked an epoch-making change

**I**N THE excitement of new models and new body-lines on so many different cars these last few seasons we've almost overlooked the greatest change of all—a change in motor design.

No longer are motors slow and inefficient, with big roomy spaces for carbon

to gather. Pistons now reach almost to the cylinder head—within 1/32 of an inch in some motors.

Increased efficiency is the order of the day. It accounts for the greater power, economy, speed of the new cars. The new Fords you now see by hundreds get their power from such an improved motor.

Yet there are people who wish you'd never even heard of this change in motors.

They are the refiners of motor oils that form quantities of hard, gritty carbon. Such oils were had enough in old-style roomy engines. They are ruinous in the newer cars!

Hard carbon causes knocking, engine strain. Flakes chip off and grind through tight pistons and bearings. Particles get

under valves, making them leak power, warp, burn quickly.

There is one motor oil, however, that lubrication engineers pronounce ideal for present day lubrication. It actually forms only 1/3 to 1/5 as much carbon as even the costliest oils sold! The little it does form is just a soft soot carried away easily by the exhaust.

It is Shell Motor Oil. The new high-vacuum process by which it is made gives it other important qualities, too. It withstands violent temperature changes which would break down old-style oils. It holds its body—not only when it is cool but under the intense heat inside a high-compression motor.

Once you begin using Shell Motor Oil you'll tolerate no other kind.

Even the most expensive oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil

An equal sample of Shell Motor Oil left only this small fraction of carbon—and it is soft carbon, not the hard, gritty, damaging kind

Beneath the hood of the new Ford sturdy modern motor. It will give you wonderful service, sustained high speed, long life—but remember that it has no room in it for the handful of hard carbon which old-style oils would cause

# SHELL MOTOR OIL

Shell 400, the "dry" gas, is made "dry" to protect your oil from the crankcase dilution caused by ordinary "wet" gasolines. Even Shell Motor Oil can be ruined by thinning with "wet" gasoline

## BLOOD MONEY GOES FOR GIFT

Inmate of Marine Hospital Offers to Donate \$1 Received for Transfusion

NEW YORK, June 2. (Exclusive)—Jim Kelly is convalescing in the United States Marine Hospital from a broken leg, and was stupor when ward mates asked him to contribute toward a birthday gift for the hospital's chaplain from the seaman's institute. But David Wang, a Chinese seaman, needed a blood transfusion to save his life. Kelly volunteered and Wang gave him \$1 which the blood donor promptly donated to the fund for the chaplain's gift.

## X-RAY TESTS URGED FOR YOUNGSTERS

Called Only Method for Discovering Certain Tubercular Types

ATLANTIC CITY, June 2. (AP)—Use of the X-ray as the only method of discovering certain types of tuberculosis in children and young adults was advocated at the National Tuberculosis Association today by Dr. P. Maurice McPhedran of the University of Pennsylvania.

"Tuberculosis in childhood," he said, "is characterized first by a latent period following infection which may vary in length from two or three weeks to several years. If untreated during this period, this type of childhood tuberculosis may develop into acute, rapidly developing disease or into one of long-drawn-out chronic character."

Long before any physical symptoms appear in the patient, he said, a skillful physician using the X-ray can find the disease and thereby more easily save the patient.

Dr. Walter L. Rathbone of Champaign, N. Y., said that innocent and apparently healthy spreaders of tuberculosis in the home frequently are discovered through diagnosis of childhood tuberculosis.

"Our examination of school children," he said, "disclosed the fact that a small group of between 3 and 4 per cent of the entire school population has childhood tuberculosis, but this small group supplies one-half of those who have true pulmonary tuberculosis (the type that kills) before the age of 25."

## Strike of Paris Postmen May Become Greater

PARIS, June 2. (Exclusive)—The city of Paris is threatened with a complete paralysis of mail-delivery service tomorrow, as an aftermath of the five-hour postal strike of the letter carriers Friday morning.

The situation became decidedly worse this morning when carriers of second-class mail failed to show up for work and the government decided to lay off for a month without pay all the 1800 men who struck Friday.

Angered by the government's move, as well as the fact that the postmen have been unable to obtain an increase of salaries, the union is insisting on the carriers to strike, thus forcing the country to deal with the situation immediately.

## Husband Dead After Shooting Wife and Guest

SAN LUIS OBISPO, June 2. (Exclusive)—John Duff today went to a hotel in San Miguel operated by his wife, from whom he had been separated, broke down the door to her room and fired two shots at her. Next he wounded Fred Guilford, a guest, occupying an adjoining room. Then the husband fled to the hills, where his body was found later with a bullet through the head and the gun in his hand.

## FRANKLIN CASE CLEW RECITED

Missing Woman's Fear of Spouse Told by Sheriff

DUCOR, June 2. (AP)—Sheriff Hill disclosed tonight that Mrs. Pearl Franklin, who mysteriously disappeared from a Tulare county ranch in the foothills nine miles east of here nearly six years ago, had a few days prior to her disappearance, voiced fears that her husband would kill her.

The husband, G. F. Franklin, is held in the Sacramento County Jail, accused by his daughters and a son of killing the mother and their mute brother, Dell, who disappeared at the same time.

While digging operations were going on at the asserted "murder farm" today, during which three more bones were unearthed, William Todd told the Sheriff that Mrs. Franklin had told him and his wife that "she was afraid to go home" for fear her husband would kill her.

SOME WORRY  
HAVANA, June 2. (AP)—A Cuban commission is worrying over how to reduce the national budget without slashing salaries.

## "TIMES" ELECTION SERVICE

In accordance with its custom, The Times will make known the returns from Tuesday's municipal election by radio, from Station KHL, the Don Lee station, by special street editions and by telephone to all who call Tuesday night. First returns will be available probably about 7:30 and will be broadcast at frequent intervals as long as the results remain in doubt.

## CHURCH HONORS ORDER FOUNDER

Don Bosco Beatified for Social Service Work

VATICAN CITY, June 2. (AP)—Venerable Don Bosco, founder of the Salesian order and the most noted social service worker for most of the nineteenth century, was beatified as the Blessed Don Bosco this morning at a splendid ceremony of the Catholic Church.

Hours before the ceremony began St. Peter's was filled with 70,000 persons, most of whom had been standing within or without the basilica since dawn, many of them, including a handful of bishops from South America and the United States, had come from far corners of the world for the event.

## Temblors Rock Land of Eskimo

NEW YORK, June 2. (AP)—Earthquakes are getting less and less exclusive—probably because man's instruments for detecting them are improving.

At any rate, the Seismological Society of America, eastern section, reports that the Arctic regions have them now.

"Most of the head of the Canadian Geologic Survey," says a report of the society, "revealed that the land of long nights is not free from tremors and showed locations of several earthquakes within the Arctic Circle."

PROTECT PROPERTY  
ENID (Okla.) June 2. (AP)—Co-operative fire companies have been formed to protect farm property in several Oklahoma communities.

## 'WHITE PLAGUE' FIGHT WINNING

Statistician Says 140,000 Lives Saved Yearly

ATLANTIC CITY, June 2. (AP)—The lowest death rate on record from tuberculosis was in the year 1928, said Dr. Luis I. Dublin, statistician of the Metropolitan Life Insurance Company to the National Tuberculosis Association.

"In a single year," he said, "140,000 persons will survive who would have died from tuberculosis had the rates of 1900 prevailed. This rapid decline has resulted largely from the direct intervention of all the agencies of government and of social service interested in the health and well-being of the people. Improved industrial and economic conditions likewise have played an important part."

# HIGH HAT

## ON MEN'S ATTIRE

Copyright, 1929, W. J. Wilkins

## NEW POLO SHIRTS BIG "S" MEN INDIVIDUALITY

THE rather phenomenal success of the polo shirt has resulted in its imitation in broadcloth, oxford and other similar materials. It is somewhat surprising to us that this wasn't done six months ago, as the style of this garment is particularly adaptable to active sports, for some of which the knitted shirt is a bit too heavy. Then, too, there is the laundry problem.

WE noticed a number of well-dressed men, particularly among Hollywood Picture Stars, affecting long sports shirts, which they would knot about the neck after a tennis match. They were mostly striped (lengthwise), or patterned in quite brilliant colors, knitted of lightweight wool, cashmere, or silk and wool. It occurred to us that these were probably the big letter men of the talkies, who had won their "S" and mean to keep it. Verily, the old order changeth, when "yes men" give way for "S men." Oh, ah that too!

THE newest ties to date, and this seem to be coming out almost as often as the morning Times, have very broad diagonal stripes (some as broad as six inches) in two tones of the same color, such as a combination of forest green and apple green. They are very good looking for summer wear. When correctly tied, the knot is one color, and that part between the knot and waistcoat, another.

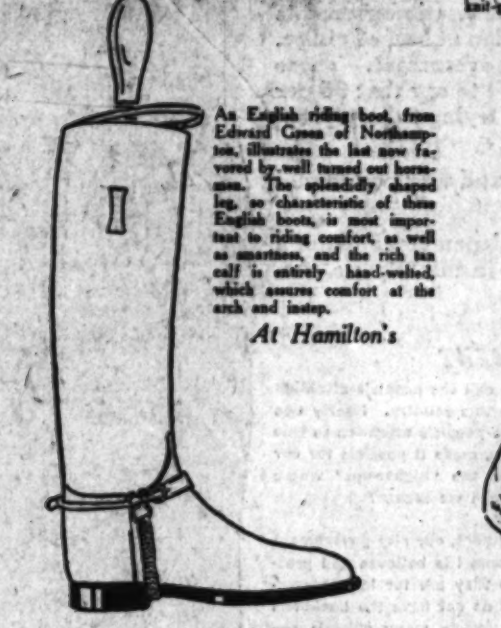

BELL-wethers of fashion are those men who have the courage to introduce a new style, the inherent good taste which insures faultless judgment, and the intelligence to discard the style when everybody picks it up. These men are always a step or two ahead of the crowd. Their attire always shows restraint, yet is distinctive enough to set them apart, and their personality is never greyed out through the uniform of the mass.

WE know many of these men, and they are all successful, so evidently this additional consideration of their wardrobe is profitable. In this age of intensive merchandising, wares must be presented with all the embellishment that ingenuity can conjure up, whether they be automobiles or general managers. Paris gowns or barristers, and while it takes more than scenery to offset a poor play, poor scenery can easily spoil a good one.

An ensemble for yachting shows the blue flannel double-breasted jacket with plain or knee buttons, and peak lapels. The trousers are plain white flannel. A white oxford collar-attached shirt is worn with a blue and white striped tie.

At B. H. Dyas

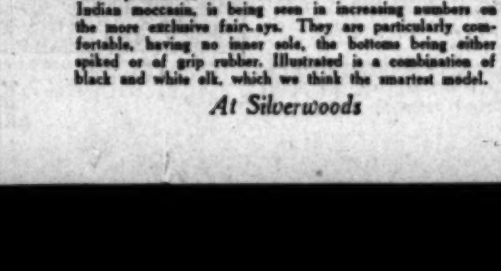

An English riding boot, from Edward Cross of Northampton, illustrates the last now favored by well-tuned out horse-men. The splendidly shaped leg, so characteristic of these English boots, is most important to riding comfort, as well as smartness, and the rich too call is entirely hand-welted, which assures comfort at the arch and instep.

At Hamilton's

The very latest ensemble idea from Paris, shows pajamas, robe and shorts of matching chambray, in units of striped tea, green or blue. These lightweight garments are splendid for summer wear, and may be packed in the minimum space. The robe has roll lapels, and the shorts have the adjustable French back. We predict great popularity for these ensembles.

At Harris & Frank

The Sportocoin, which is made after the fashion of the Indian moccasin, is being seen in increasing numbers on the more exclusive fair-ways. They are particularly comfortable, having no inner sole, the bottoms being either quilted or of grip rubber. Illustrated is a combination of black and white silk, which we think the smartest model.

At Silverwoods

A golf ensemble, which we liked very much, had a white wool pullover with blue and white stripes at crew neck, cuffs, and bottom. The white hose had an all-over blue diamond pattern, with striped tops, and the bucklers of white basket weaves, were placed at the waist, and had half-grip bottoms.

At Roos Bros. Hollywood

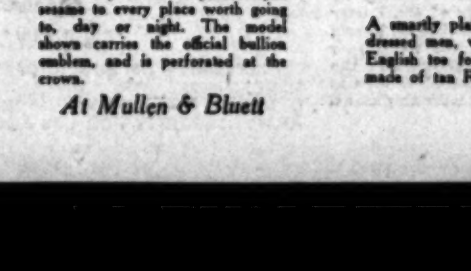

The finest shirtings we've seen this season have just arrived from Roth-Kostelitz of Bohemia. This maker specializes on jacquard embroidered chambray and has no equal in the world in these shirtings. Illustrated is one of the patterns, made up by Machin, in the collar to match style. They are custom-made to measure, of course, and have monogrammed sleeves.

At Machin's Custom Shirtmaker

Accessories to be worn with the dinner jacket are of the utmost importance to finished manners. Our choice of waistcoat is of striped grosgrain, which matches the single-end tie. The latest fashion V opening has medium satin lapels, and the two-stud shirt has broad of horizontally striped pique, with matching single cuffs.

At Halbrit's

A smartly plain oxford from Johnston & Murphy is favored by well-dressed men, who less slightly to the conservative side. The medium English toe forms a streamline to the narrow firm-gripping heel. It is made of tan Russian calf.

At Wetherby-Kayser

We find a number of well-dressed men affecting an extra wide-brimmed straw, such as the model illustrated. They are exceptionally smart on tall men, when the narrow brimmed styles tend to make appear even taller. The crown of this hat is medium high.

At Diamond's

Probably the greatest success of the season is the belted back coons gabardine jacket, with matching knickers. The knickers are changed with plain tan-tan flannel trousers (or some prefer those with the tan chalk stripe) for general sports wear. The jacket has patch pockets with flap and notch lapel.

At Mathews in Hollywood

A smartly plain oxford from Johnston & Murphy is favored by well-dressed men, who less slightly to the conservative side. The medium English toe forms a streamline to the narrow firm-gripping heel. It is made of tan Russian calf.

At Wetherby-Kayser

A smartly plain oxford from Johnston & Murphy is favored by well-dressed men, who less slightly to the conservative side. The medium English toe forms a streamline to the narrow firm-gripping heel. It is made of tan Russian calf.

## SUPREME COURT DUE TO RECESS

Highest Tribunal Gets Its Docket Nearly Clear

Many Important Decisions Expected Today

Rulings of Past Term Mark Legal Milestones

WASHINGTON, June 2. (AP)—The Supreme Court of the United States is to recess tomorrow for the summer with its docket almost clear for the first time in recent years.

A winter of hard work for Chief Justice Taft and his eight associates has brought its reward and as the end of the term approaches the nine members of the nation's highest tribunal find that for once they have almost caught up with the steadily increasing volume of cases demanding their attention.

They have heard all cases ready for argument at this term and are carrying over to next term only about 140 or 150 cases, of which approximately fifty are petitions for review which reached the court too late for action at this term, owing to the time allowed the opposition to file briefs. At the conclusion of the last term the number had been figured to 180.

**NO LACK OF CASES**  
The court has succeeded in catching up with its work with no material falling off in the number of cases filed. Up to date it has at the present term disposed of the cases, with one more opinion day to substantially increase the number, while at the entire last term it disposed of 880 cases.

The court has before it awaiting decision thirty-seven cases, of which twenty-three can be disposed

## BULLETS END LOVERS' ROW

Socially Prominent Girl and Fiance Found Lying From Wounds in Farmer's Bedroom

MOORESTOWN, N. J., June 2. (AP)—Miss Ruth Wilson, 25 years of age, daughter of a Camden financier and real estate broker, and her fiance, Horace Roberts, also 25, were found shot fatally today in the young woman's bedroom.

Both died without regaining consciousness. Miss Wilson had been shot three times in the left temple and Roberts had three bullets in the right temple. They were lying side by side, fully clad, on her bed.

John C. Wilson, father of the young woman, told the police he was convinced that Roberts had slain the young woman and then ended his own life. The couple had been sweethearts since childhood and had been engaged about a year.

Roberts was a descendant of an old Quaker family of Moorestown and both he and his fiance were prominent in social circles of South Jersey. He was a half-brother of

of by nineteen opinions, the remaining being petitions for review.

Among the cases awaiting decision, in which the opinion may be handed down on Monday, is the contempt case against Harry F. Sinclair and others for jury shadowing. Sinclair, now serving a sentence for contempt of the Senate, will be required to serve six months additional if the highest tribunal affirms the decision of the trial court, and will be joined by Harry M. Day for four months and by William J. Burns for fifteen days all of the sentences being imposed in the jury shadowing case.

**SERIOUS CONTROVERSY**  
More important among the other cases in which the Supreme Court on Monday may give opinions is one from Texas involving the right of negroes to use the emblems and insignia of white Shriners; two from New England, questioning government taxes imposed on money advanced to pay another Federal income tax; two from California attacking the validity of the State's motor fuel tax and its tax on cert-

## WOMAN'S DEATH Baffles Police

Ex-Teacher's Body Found in Hotel Room

Autopsy Reveals She Has Broken Neck

Position of Peaceful Sleep Puzzles Officers

DETROIT, June 2. (AP)—The position in which the body of Miss Mary Haydis Lee, 27 years of age, former school teacher and daughter of a wealthy family in New York City, was found today was the greatest stumbling block in the path of police investigating her death in a hotel room here yesterday.

A maid discovered the girl's death when she entered the room to clean. So normally disposed was the body that the maid several times retreated after looking into the room, believing Miss Lee asleep. The bed was unruined, with sheets still tucked in around the sides.

A police surgeon, after cursory examination, declared death due to heart disease.

At the County Morgue, however, another examination disclosed bruises on the neck and face and closer examination showed a broken neck with indications that the fracture occurred before death.

Miss Lee came here with a crew of magazine solicitors. She was a graduate of Wellesley College. Her parents are Mr. and Mrs. W. B. Lee of Baldwin, L. I.

Companions of Miss Lee on the magazine crew said she knew only a few persons in Detroit and seldom left the hotel except for her work.

**HEAVY CROP SEEN**  
TORONTO, June 2. (AP)—The strawberry growing province of Canada look for a heavy crop this season, which extends from May until August.

## SECOND MURDER LAID TO WOMAN

Suspect Freed in One Killing Seized in Another

Mrs. Cassler Held in Slaying of Chicago Servant

Row Over Asserted Intimacy With Husband Admitted

CHICAGO, June 2. (AP)—Mrs. Katherine Cassler, 41 years of age, once sentenced to death for murder, later freed, was held in connection with a second slaying today following identification of a girl's body, found in a swamp near Hebron, Ind., as that of Miss Camie Souter, pretty 24-year-old domestic who had acted as housekeeper for Mrs. Cassler's husband, Truman.

Mrs. Cassler was arrested last night, after Charles Johnson, 34, a professional skater, who described himself as a former sweetheart of the slain girl, told police the latter had been severely beaten recently by Mrs. Cassler for asserted intimacy with Cassler.

**FREED IN NEW TRIAL**  
Mrs. Cassler was convicted of slaying Walter Lindstrom, a cabaret maker, three years ago in an insurance conspiracy and was sentenced to death. She obtained a new trial and was freed a month ago after spending the interim in prison.

The day after she left prison, Mrs. Cassler learned of intimacy between her husband and the slain girl and attacked the latter, according to Johnson's story to police.

**PATCHED UP QUARREL**  
Miss Gladys Shaw of Springfield, Mo., who said she was a friend and confidante of Miss Souter, told police the slain girl continued to see Cassler after the beating was administered.

"Isn't it true that you beat Miss

## GANGSTERS TORTURE VICTIM

Chicago Druggist Brutally Treated by Captors Who Mistake Him for Man Wanted

CHICAGO, June 2. (Exclusive)—Matthew Zimmerman, a druggist, is one Chicagoan "taken for a ride" who came back instead of being picked up on some lonely road, riddled with bullets. He had been held prisoner and tortured five days by gangsters, but may survive, although there is danger from gangrene from burns and other wounds.

Zimmerman was kidnapped on the street, flung into a closed car and driven across the Indiana border to a deserted shack in the woods, evidently used as a torture chamber by the gangsters. He had been mistaken for "Matt Daly," a name the gangsters frequently called him. They wanted to know the location of a distillery, but, of course, Zimmerman could not tell them.

The hoodlums bound him so tightly to a post set up in the middle of the shack that his arms were almost wrenched from their sockets. They stripped him and mutilated his body with jagged pieces of glass. This flogging to make him tell something he did not know, they burned

cigarettes until he fainted. On the fifth day a young man, apparently the leader of the gang, appeared. He took one look at Zimmerman and began cursing his gangsters for picking up the wrong man. Zimmerman then was untied from the torture post, blindfolded and thrust into a closed car. In Hammond, Ind., while traveling at a high rate of speed, he was kicked out, narrowly escaping a drop into the river. He attempted to walk, but collapsed. Passersby found him and the Hammond police brought him to Chicago.

Police learned that Zimmerman's drug store was closed three days ago and that the stock and equipment had been moved out.

**Mrs. Tingley's Injury Mending**  
OSNABRUCK (Germany), June 2. (AP)—Mrs. Katherine Tingley, a dearly theosophist leader, was reported today to be doing well, under the circumstances, but her physicians declined to speculate on her recovery because of her age.

Her right thigh bone and left ankle were broken and she received other injuries in an automobile accident on Friday.

**SAVE ALUMINUM SCRAP**  
MOSCOW, June 2. (AP)—Claim for invention of a new method of smelting aluminum is made by the chemical industry here. It is said to make possible the recovery of pure aluminum from the scraps of previous smelting.

**YOUNGEST MAYOR**  
DUNDAS (Minn.), June 2. (AP)—Arthur Bickel was elected Mayor of this town at the first election in which he was old enough to vote.

## TWO MURDERS IN PHILADELPHIA

Gang Fires on Auto Men and Women

Son-in-law of Victim Six Bullet Wounds

Gunmen Battle Lovers Dead in Street

PHILADELPHIA, June 2. (AP)—Gangsters' guns today took the death of two persons, one of whom was critically wounded. Others were slightly wounded. The victims apparently were taken by their assailants to a garage.

Harry Hewitt, 34 years of age, was riding with his wife, Mrs. Helen Hewitt, when an automobile gangster turned a machine gun on his car. His son-in-law, who was with them, was killed.

Police believe the gangster took Rodenbaugh's car in one of their rivals.

William (Bill) Gahan, another authority, said that he also was shot to death. He had three bullet wounds in the head, was found in a residential section of the city. It is believed he was killed on the day when rival gangsters fought a battle on Race street. Two women and a child were wounded in the crossfire.

**McRAE, EX-GOVERNOR OF ARKANSAS**

# PORTER VICTORY LOOMS

## LOS ANGELES VOTERS DEMAND COMPLETE CHANGE IN AFFAIRS OF CITY AT JUNE 4 ELECTION

Report comes from the Porter-for-Mayor headquarters that the commercial or business indorsements of Mr. Porter far exceed the church indorsements. Space will not permit the reproduction of half of either. Like the home owners, business people are calling for a complete change in our local government. These commercial indorsements come from every known kind of good business firms. It is safe to say that 95 per cent of these indorsements came from property owners, or, should we say, from people trying to own property in Los Angeles.

That statement brings us face to face with the one and only issue in this campaign and why you should vote Tuesday, June 4, for John C. Porter for mayor.

John C. Porter is the only candidate for mayor of Los Angeles who is free, clear, independent and not a part of the present or past administration. The only candidate who has not had a part in the "Special Assessments," "Special Privileges," "Higher Taxes" and "Airport Deals."

### YOUR CHOICE FOR MAYOR JUNE 4 ELECTION

Regardless of the thousand and one different issues and angles that have been injected into this campaign to cloud the real issue, when it is all said and done we all come back to one question:

#### Administration vs. Anti-Administration

On June 4th, you can vote the principles of the old administration with its special assessments, high taxes, and everything that goes with it into power for four more years of regret.

—OR—  
You can vote for JOHN C. PORTER, who has never been connected with the present or past administration, and get a new deal and a square deal. If you want a change in our local government, John C. Porter will give it to you and there is no other way to get it for four years more, and every change will be in the interest of the taxpayers. This much is certain, Mr. Porter is free, clear and independent. He is the people's candidate.

### JOHN C. PORTER'S CONSTRUCTIVE PROGRAM

John C. Porter will work for the masses of the people instead of the special interests. He will make an honest effort to lift the unbearable special assessment situation, which has caused 35,000 small homes to be lost during the last two years of the present administration. By leaving the decision for special improvements to a majority vote of the people of a given district and by eliminating graft, waste, and excessive contractors' profits, many millions of dollars will be saved the taxpayers.

### INTEGRITY OF PUBLIC OFFICIALS

John C. Porter will appoint men of outstanding ability and integrity of purpose on various commissions and in appointive offices at the City Hall. Every man who is not working 100% for the interest of the people must be eliminated.

### JOHN C. PORTER'S QUALIFICATIONS

Most certainly the question of the qualifications of the 14 candidates was settled May 7th at the Primaries with 31,000 majority in favor of John C. Porter. His extensive business experience in California during the past 25 years, during which time he has built up a large successful business with branches in Los Angeles, San Francisco and Fresno, speaks well for his ability as an executive. His effective work in connection with numerous social welfare and civic enterprises has further shown his qualifications for public office. The vicious rumors about him are only the result of propaganda put out by the enemy, who are trying to inject personalities, racial, religious, and the silly blue-law issues into the campaign. These are only political tricks.

### GRAND JURY CLEAN-UP

The most courageous work ever done in Los Angeles toward effectively curbing the vice leaders of the underworld was done by John C. Porter on the 1928 Grand Jury. The strategy of Mr. Porter was responsible for the conviction of Albert Marco, Asa Keyes, Leach, Laaker, Rosenberg and Getzoff. Mr. Porter started this work, now we should give him a chance to finish the job by giving him the additional authority of the Mayor's office so that he can place men in the various official positions who will be in harmony with this clean-up program.

### LAW ENFORCEMENT

President Hoover found it necessary to call the people's attention to the seriousness of the crime condition in this country. Nearly two years ago John C. Porter not only called the people's attention to this fact, but he, with the help of the Grand Jury, made it possible for our Fighting District Attorney to put many of the "higher-ups" where they are today. What better endorsement can we secure?

In order to obtain adequate law enforcement, our city government must be headed by a man who in his personal life believes and practices law observance. Many officials claim they are for law enforcement, and particularly at election time, but do not have the backbone to put their strong promises into effect. While many officials are passive on law enforcement, John C. Porter is active and aggressive, and even militant, in his determination to have the law enforced.

### BLUE LAW PROPAGANDA PURE BUNK

A large committee of business men called on Mr. Porter at his headquarters and put this question squarely up to him: "Mr. Porter, have you any BLUE-LAW, SPECIAL-LAW, OR FREAK-LAW, that you will try to enforce on the people when elected Mayor of Los Angeles?"

Mr. Porter did not hesitate with his reply: "GREAT SCOT, NO! Absolutely not! And the only thing that keeps this question from being perfectly silly, is the fact that you gentlemen do not know me. When I am elected Mayor, I will do everything in my power to make the people say they are glad they voted for me. 'Better Government and Lower Taxes,' 'Good Business and Common Decency,' 'Porter and Prosperity,' are not brought about with Blue-laws or freak-laws. Faithful enforcement of the laws we have is all we need, and that will make a great change in our community. Los Angeles is the playground of the world and this playground must be made safe to play in seven days a week and fifty-two weeks in the year. I love to hunt, fish and participate in sports. Gentlemen, have I answered your question?"

"We are thoroughly satisfied and you will receive our endorsement by special messenger." This endorsement has been received and is now on file with hundreds of others at the headquarters.

### UNCONTAMINATED

There is not much chance of getting the people to forget the "Special Assessments," "High Taxes" and "Mine's Airport Deal." There is no way in the world to connect John C. Porter with any of this trouble. He is free, clear, independent and uncontaminated by any part of the old administration that is responsible for our present condition.

Long after the political firecrackers of personalities, mud-slinging, racial, religion and silly blue-law propaganda has made its little noise and that smoke that follows clears away, the taxpayer comes back to the main issue in this campaign for the office of Mayor of Los Angeles.

### THE ONLY ISSUE

INTEGRITY OF PUBLIC OFFICIALS—THAT MEANS BETTER GOVERNMENT AND LOWER TAXES, THAT MEANS BETTER BUSINESS AND COMMON DECENCY, THAT MEANS PROGRESS AND PROSPERITY FOR LOS ANGELES.

JOHN C. PORTER

## JUNIOR OLYMPIC VICTORS HAPPY

Baker, Deal, Ramos, San Jose Congratulated

Out-of-Town Boys Show Well in Final Meet

Fairbanks's Presence Meant Much to Kids

BY BRAVEN DYER

Yesterday was a day of celebration for a quartet of Southern California youngsters. It was a day of congratulations and back-slapping, a day long to be remembered in the lives of these four youngsters who by their athletic ability have earned honor and praise.

Vane Baker, Jerry Deal, Fernando Ramos and Robert San Jose are the four boys who spent yesterday celebrating their triumph at Saturday in the Southern California finals of the Junior Olympic Games.

These kids, all 15 years of age, had been in the state capital for themselves a free round-trip to the Hawaiian Islands, land of liquid sunshine and magic music. And by dint of their victory in the battle of Moore Field they also probably won the right to compete in the national finals at Atlantic City during the first week in July. Which means another pleasant trip.

Baker and Deal were one-two in the junior division. Last year Deal was first and Baker third, only three points behind the boy who copied second honors. Vane Baker, who spent the entire year training industriously, and as a result came back Saturday to roll up the largest score ever totaled by a junior or senior athlete anywhere.

Ramos won first place in the senior division and San Jose was right on his heels. A week ago San Jose was crowned Los Angeles county champion, Ramos being in a slump which sent him into fourth place. But Fernando snapped out of it Saturday and rode to a splendid all-around performance.

As a matter of fact, Ramos, in his last three meets, has shown steady improvement. Early in the year he did 679 points as the result of too fast timing in the seventy-five yard dash. Three weeks ago Fernando's score was 580. One week ago he improved to 612. Saturday he did 682. That's steady improvement if ever there was such and indicates that Ramos is well fitted to carry the colors of Los Angeles and Southern California to the national finals at Atlantic City.

Naturally there were disappointed fans for some Saturday. We can't all finish in first or second place. George Warb, a hard-fighting youth from Queens, Calif., who was coming down the track at the first five, last week Warb took third in the Los Angeles county championship, in which he was edged out of 20 to lead the senior group. Saturday he went all haywire in this event, getting only 580 points, his score. It was a tough break.

Little Braden of San Bernardino, who had scored 697 points this year, fell away to 583 Saturday and naturally felt upset. But Braden has been almost perfect all year and you can't do your best under such a handicap.

There were others, less well known, who also were unable to hit their heights. They had been in the state capital for themselves a free round-trip to the Hawaiian Islands, land of liquid sunshine and magic music. And by dint of their victory in the battle of Moore Field they also probably won the right to compete in the national finals at Atlantic City during the first week in July. Which means another pleasant trip.

While there were some who fell down there were others who exceeded all expectations. Little Edward Williams of Fillmore popped up in third place among the juniors with the fine score of 638 points. This pleased his coach, Red Kennedy, tremendously, as it should, and Williams went home a mighty happy kid. Had he been a bit stronger in the basketball throw Jerry Deal might have been shoved out of second place. Williams competed under a handicap of a bad cold, as he was forced to work off a pound before he could officially classify as a junior.

San Luis Obispo county has reason to feel proud of the two Lones boys, Merlin and Elwin. The former boosted his score from 411 to 440 to place well up in the senior division. Elwin came from 350 to 440 to make a fine showing among the juniors.

Billy Edwards of Fremont High School was a mighty tickled athlete, at the meet meant a lot to the youngsters. He's quite an idol with the kids. Doug arrived promptly on time and not only officially opened the meet but in addition made a neat speech in which he praised the Junior Olympic Games program as one deserving the support of every citizen who is interested in the coming generation. Doug stayed on the field from 1:30 to 4 o'clock, watching the youngsters in action.

Robert Haskell of South Pasadena Junior High School called the points in the Los Angeles county finals last week and then went out and boosted his total to 644 Saturday to place fourth among the seniors. He won first place in the basketball throw with a toss of almost 300 feet.

Oswald Irla of Santa Maria, senior champion of Santa Barbara county, boosted his score from 492 to 561 in one week. Albert Thompson of Riverside was another youngster who showed up well.

The presence of Douglas Fairbanks, famous motion-picture athlete, at the meet meant a lot to the youngsters. He's quite an idol with the kids. Doug arrived promptly on time and not only officially opened the meet but in addition made a neat speech in which he praised the Junior Olympic Games program as one deserving the support of every citizen who is interested in the coming generation. Doug stayed on the field from 1:30 to 4 o'clock, watching the youngsters in action.

## "LEAPN LENA" LEAPIN' PLENTY

C. G. Stewart, popular outdoor pilot, gave the fans a thrill at the inaugural motor boat race at the new Venice Motor Boat Speedway yesterday afternoon when he jumped his trim little outboard craft, Leapn Lena, more than thirty feet off a specially prepared greased take-off board.

## BLUE STREAK TRIUMPHS

Ferguson Pilots His Craft to Three Victories at Venice Motor-Boat Speedway Inaugural

Piloting his trim outboard craft, Blue Streak, in which he holds the world's outboard record for five miles, H. G. Ferguson added to his laurels yesterday afternoon when he captured first honors in three events at the inaugural motorboat racing program of the new Venice Motor-Boat Speedway.

After winning two preliminary events of five miles, for the first ten laps of the final race of twenty circuits, Ferguson's chances ever were in danger. Al Thompson, in his "Black Maria," would not be left behind, and first Ferguson would be in the lead; then Thompson would be in front for a lap or two. But the ill luck that had pursued Thompson in the earlier races caught up with him just as he entered the grandstand straightaway on the tenth lap. He rounded the corner too fast and spilled. In earlier races it had been motor trouble that had forced the "Black Maria" out.

Frank Harrington, in the Blue Bird, took second honors in the five-mile race, and Thompson, in the "Black Maria," captured two events. Harrington was forced out of the final twenty-lap event by motor trouble. The other winner of the afternoon was H. G. Ferguson, in Miss 232, who captured the fifth event.

Ferguson's best time of the afternoon was 1:10.20 for five miles. Thompson's time was 1:11.00. Harrington's time was 1:11.30. The race was won by Ferguson, in Miss 232, who captured the fifth event.

## THREE TRAPSHOOTERS TIE FOR TOURNNEY LEAD

A fine lot of shooters assembled at the Los Angeles Gun Club traps yesterday and in the century shoot Hebbon, Stauber and Lettingwell finished in a tie with 97x100. Minick with 96 gained second honors; Reed, Tabler and Armstrong snatched 95. H. H. Ford, Jr., and Gowing of Redlands, Reidenbach and Somers accounted for 94 each. Smiling Valien white 93. T. O. Elliott and Crum of Redlands and Kost broke 92. Lienau of Redlands 90.

In the handicap Hebbon from twenty yards was high with 49x50. Stauber second with 48; Ward from 19-44.

Low Reed showed the way in the doubles with 47x50; Minick, 45; Stauber and Armstrong, 43. The trophy winners were Stauber, Lettingwell, Gowing, 2; Ford, Reidenbach, Farnham and Norton.

meeting the leading competitors and mingling with Bud Houser, Frank Wyckoff, Charley Faddock and Herman Rix. He is a great student at the University of Southern California, where he is a member of the international famous athletes.

Fairbanks, himself a great all-around athlete, marveled at the ability of the 13, 14 and 15-year-old youngsters who were lined up on a standstill. He also got a great kick out of the chinning event.

Lee Henry, national A.A.U. track and field champion, was an all-arounder. "It won't be long before this meet will be one of the biggest athletic events in Southern California," he said. "I have seen it as an all-arounder, as he watched the youngsters in action."

The visit of Lady Mary Heath, titled British aviator, to the meet was totally unexpected. Lady Heath just dropped in to see how the youngsters were getting on and to get a line on the new use of an all-arounder as a test for young American boys. Although primarily interested in flying, and its attendant problems, Heath is also a booster for all types of athletics.

As the competition was completed many a youngster was heard to remark: "Well, I'm going to start training right now for next year." Strange to say it was this same spirit that put Vane Baker at the top this time. Last year Vane lost out by a whisker and his only comment was: "I'll get 'em next year." With that thought always uppermost, Vane went to work immediately after the meet and spent the entire year improving his marks. He got expert advice from his coach, Pop Squires of Huntington Park High School, and this, coupled with his indomitable will to win, was all he needed.

Baker, Deal, Ramos and San Jose all kept in top condition during the national finals to be held at Atlantic City the first part of next month. The boys are due to be in San Diego in a few days for the first of the next week.

## SAN DIEGO SQUAD IN DOUBLE-HEADER WIN

SAN DIEGO, June 2. (AP)—San Diego won both games of the double header here today from Coronado behind the fine pitching of Colley and Ault. The Aces took the first tilt, 4 to 0, and the second, 4 to 2. The scores:

## Lincoln, Poly Nines Mix at Wrigley Field

In a game that will come close to deciding the 1925 championship of the Major City Baseball League, Coach Cop Ma-honey's underdog Poles will take on the like-wise undefeated Lincoln High team this afternoon at Wrigley Field. The game is scheduled for 3:15.

Babe Guerra, Lincoln's star chucker, will be on the mound for the Tigers, with Lefty Mayers doing the hurrying for the Mechanics.

The Lincoln outfit is a slight favorite to defeat the Mechanics today as it is reported to be the heaviest hitting club in the league. However, Guerra is a very good chucker and as the Tigers haven't come up before a left-hander in league play to date there is no way to tell just how it will affect their hitting strength.

Both teams will be in for tough games this Friday. Lincoln traveling out to Jefferson, while Poly will entertain Franklin. Another game listed for Friday will find Hollywood at L. A. High.

Jefferson, the pennant winner last year, still has a chance to repeat again this season. If Lincoln can whip Poly today, and in turn be beaten by Jefferson next Friday, and the Democrats turn back L. A. High in the last game of the season, Coach Ching Dahn's nine will take the city title.

LEAGUE STANDINGS  
Lincoln vs. Poly at Wrigley Field.  
Lincoln at Jefferson Friday.  
Franklin at Poly.  
Hollywood at L. A. High.

## NEWPORT CLUB IN RACE DEFY

(Continued from Eleventh Page)

ing season as they have for the past few years. Young Hubbard, a student at the University of Southern California, who has represented Newport Harbor in three international meets, will again be a favorite. Dick Edwards has been his crew for two years. Tommy and Bob Webster have groomed their Tom Robin for the series and are likely to make a determined bid for the Newport honors. The Murphy boys are also set to furnish stiff competition.

The Los Angeles Harbor Soot has challenged Newport to a series of team matches. It is expected that five boats will make up a team. R. Ray Schaner, one of the first to pioneer in the international, will captain the Los Angeles Soot, while Hubbard and Herbert Worcester will lead the Newport team. No date has been set for the series.

Here is the complete Star-boat program:  
Saturday, June 20—Star boat, time-out race, 1:30 p.m.  
Sunday, July 4—Independence Day, Star boat, 1:30 p.m.

ELIMINATION SERIES  
Saturday, July 11—First elimination race, Star boat, 1:30 p.m.  
Sunday, July 12—Second elimination race, Star boat, 1:30 p.m.  
Saturday, July 18—Third elimination race, Star boat, 1:30 p.m.  
Sunday, July 19—Fourth elimination race, Star boat, 1:30 p.m.  
Saturday, July 25—Fifth elimination race, Star boat, 1:30 p.m.  
Sunday, July 26—Sixth elimination race, Star boat, 1:30 p.m.

TEXAS LEAGUE

St. Louis 1-0; Chicago 0-1.

## CANZONERI TO TACKLE FERNANDEZ

Filipino Boxer to Battle Former Featherweight Champ for Third Time

NEW YORK, June 2. (AP)—The lighter divisions—junior lightweight, lightweight and welterweight—hold a major portion of the fight spotlight this week.

New York's outdoor season opens Tuesday night at the Queensboro Stadium with the third meeting of Tony Canzoneri, former featherweight champion, and Ignacio Fernandez of the Philippines. Canzoneri, who has found his best fighting form around the junior lightweight limit of 130 pounds, holds two decisions over the Filipino but both battles, especially the last one, were close. Canzoneri will be the expert's favorite but there should be a fight in view of the Filipino's recent knockout triumph over Al Singer, young New Yorker.

Incidentally Singer has picked this week for an attempt to show that he is not through. He takes on Leo Kid Roy, clever and hard-hitting Canadian, in a ten rounder at the New York Coliseum on Thursday. Al Ridgeway, New Jersey featherweight, has been matched with the champion Semende Indian, Pete Nebo, in the ten-round semifinal.

There will be plenty of activity among the welterweights although neither Joe Dundee nor Jackie Festina County, who are scheduled to meet on Friday, will be in the ring. Only four of the welterweights have won a fight since the start of the season. Only four of the welterweights have won a fight since the start of the season.

At San Francisco, Friday night, Young Corbett, another leading contender for the 147-pound crown, will take on Al Van of St. Paul over the ten-round route.

Detroit's weekly card on Thursday night offers as a main attraction a return meeting between Miller, the knockout star from Chicago, and Billy Petrolia, the Fargo Express. Miller took the decision in their first meeting, and probably will rule a favorite again.

Heavyweight action will be confined almost exclusively to the round bout between George Godfrey, the current "black mamba," and Jimmy Byrne of Louisville at the Duquesne Club, Philadelphia, tomorrow night.

Other bouts on the national schedule include:  
Monday night at Philadelphia, Philadelpha vs. Philadelpha.  
Tuesday night at Philadelphia, Philadelpha vs. Philadelpha.  
Wednesday night at Philadelphia, Philadelpha vs. Philadelpha.  
Thursday night at Philadelphia, Philadelpha vs. Philadelpha.  
Friday night at Philadelphia, Philadelpha vs. Philadelpha.

PORTLAND BOWS TO  
BOISE POLO SQUAD  
BOISE (Idaho) June 2. (AP)—The Boise club of the Northwest polo circuit today defeated the Portland Hunt Club, 11 to 6, and won the right to enter the National Association tournament in Chicago.

The victory came after one of the hardest-fought and yet ragged games on record here. The score was tied at five goals at the half, but the Boise team broke away from this point and scored in every chucker.

TEXAS LEAGUE  
Dallas 6-3; Fort Worth 1-0.  
Wichita Falls 2-0; Amarillo 0-4.  
San Antonio 1-0; El Paso 0-1.

ARIZONA STATE LEAGUE

RED SOX ON TOP  
BOSTON, June 2. (AP)—The Red Sox today defeated the Yankees, 3 to 1, in the third inning of a three-game series. The Sox won the first two games of the series, 4 to 1 and 3 to 1, and today they won the third, 3 to 1. The Sox are now leading the Yankees in the standings.

## MERCURIES HOLD TRACK

L.A.A.C. Schedule Tryout Affair

Wyckoff to Meet Fast Century Dash

Imposing List of Stars to Compete

Another of the premier and-field meets being held by the L.A.A.C. track athletes will be at Beverly Field, Southern California, tomorrow night. It is a great collection of local and national talent, and it is expected that the meet will be a big success.

Wyckoff has been named as the 220-yard dash champion, and he is expected to win. He is a very fast runner, and he has won many races. He is a very fast runner, and he has won many races.

The L.A.A.C. will hold a series of meets during the summer months. These meets will be held at Beverly Field, and they will be a great success. They will be a great success, and they will be a great success.

Among the stars who will compete are Wyckoff, O'Connell, and many others. They will be a great success, and they will be a great success.

Garner Chosen Death in

CLEVELAND (O) June 2. (AP)—The death of Sheriff Fred Garner, who had been in the city for many years, was announced today. He was a very good man, and he was a very good man.

Only four of the welterweights have won a fight since the start of the season. Only four of the welterweights have won a fight since the start of the season.

**SHIELDS TALKS OF KLAN THREAT**  
Des Moines School Head and Secretary Located  
Exercising Forces Today  
May Force Crisis  
Diplomats Will be Awarded  
Despite Trustees

**DES MOINES (Iowa) June 2.** (AP) — T. J. Shields, president of the board of trustees of Des Moines University, today announced that he had located the school's head and secretary, who had been reported to have fled to Mexico. Shields said that the school's financial condition was such that it was necessary to take drastic action. He said that the school's assets were being liquidated and that the trustees were considering the possibility of a forced sale of the school's property.

**DES MOINES (Iowa) June 2.** (AP) — The trustees of Des Moines University today announced that they had decided to accept the resignation of T. J. Shields, president of the board of trustees. Shields had been accused of mismanagement of the school's finances. The trustees said that they had received a report from an independent auditor that Shields had embezzled \$10,000 from the school's funds. Shields had denied the charges and had threatened to sue the trustees for libel.

## HEAVY SNOW IN MOUNTAINS

Rangers Report Drifts from Two to Six Feet on Ground the Last of May

**SEQUOIA NATIONAL PARK, June 2.**—While snow conditions vary greatly in different localities the average is well above that found on the watershed of the Kaweah River at the same time since 1921, according to recent reports to Chief Ranger Cook of Sequoia National Park from rangers assuming their posts in remote regions of the park. The ground was practically bare up to the 10,000-foot level last year by the middle of May, while, this year at the same time snow was to be found everywhere on the Kaweah watershed above 8000 feet. Conditions are the best in the upper north fork, Marble Fork and south fork, practically solid deep snow being found in these localities above 7000 feet.

Ranger Clarence reports Redwood Meadow, 6200 feet elevation, quite open, but patrol trips into upper Cliff Creek and above River Valley toward Hamilton Lake revealed snow from two to six feet in depth. Ranger George Brooks on the south fork of the Kaweah found snow two to five feet deep in the Garfield Grove, above 8000 feet. Near Hookett Lakes at an elevation of 8500 feet, it was four to six feet deep, and two feet on Hookett and Sand Meadows. Evelyn and Hookett lakes were frozen over and covered with snow a week ago. There is no snow at Camp Lewis in Kern Canyon, according to Ranger Asa Peck, but solid snow is found above 8000 feet.

While snow has been heavier in the high mountains and is encouraging to irrigationists of the valley, through promise of greater run-off for streams, rainfall below 8000 feet was not up to normal and fire hazard is great. Utmost care must be taken to prevent fire. No smoking on roads or trails will again be the rule in Sequoia National Park this year.

**SAN DIEGO, June 2.** (Exclusive) John Bartholomew Webster of San Diego, having won three of the annual prizes awarded at the United States Naval Academy, will be graduated Thursday at the head of his class. It was announced by Lieutenant-Commander Harry P. Rick, secretary to the academy board. The awards he will receive are the Thompson prize for a navigating assistant, for most proficient knowledge in practical and theoretical navigation, the Military Order of Foreign Wars prize, a wrist watch, for highest standing in mathematics, and the Gardner Caskey prize, a gold watch, for the midshipman who is graduated at the head of his class.

Among those receiving athletic awards is John Allison Fitzgerald of Modesto, Cal., intercollegiate featherweight boxing champion. Los Angeles Boy, Cornell Student, Killed in Crash

**ITHACA (N. Y.) June 2.** (AP) — Thomas K. Humble, 19 years of age, of Los Angeles, Cornell freshman, was killed today and three other Cornell students were injured when their machine overturned on the Cortland Road at Forest Home, when they attempted to avoid a collision with a parked car. Those injured were James D. Robinson of New Orleans, owner and driver of the roadster; Ralph T. Keithley of Denver, and J. G. Royce of Glen Ridge, N. J. They were not hurt seriously. Six students were riding in an approaching car blinded by headlights, who did not see the machine parked beside the road until too late to pass it safely.

**PEACE RESTORED IN GLIDER ROW**  
**SAN FRANCISCO, June 2.** (Exclusive) — While the Causa Belli, the official glider of the California Gliders Club, still remains dismantled at Fort Baker, and the Golden Gate remains yet unopened by a motorist, the semblance of peace was restored today among the warring factions of the club itself with the retirement of Charles Ferguson, Jr., as president and the election of Robert H. Thatcher. Troubles within the ranks of the organized gliders came when Ferguson announced his determination to use the club's official glider in an attempt to span the Golden Gate. Members opposing the possible loss of the club's official glider, and out a writ of injunction and Ferguson was halted at Fort Baker a few moments before he was to start his gliding expedition. The state of affairs was settled by the arbitration of the state court, which granted the writ of injunction.

**WOODLAKE, June 2.**—Three Central California orange groves were recently chosen by Dr. Parker of the Riverside experiment station for maturity tests on citrus fruits, to be conducted by the experiment stations and the county farm adviser's office during the next few seasons. These three places are the Stevens grove at Jasmine, Hills brothers ranch near Porterville and the Minnehaha grove at Woodlake. Application of nitrogen fertilizer at different times of the year will constitute the principal part of the experiments, which are being undertaken to determine the factors making for early maturity of oranges. Tests will also be made of shaded trees and plots in the various groves.

**OLD ORCHARD (Me.) June 2.** (AP) — Wreathed by weather conditions over the Atlantic, which prevented the Green Flash from hopping off for Rome and the Yellow Bird for Paris, Lewis A. Yancey and Roger C. Williams of the American plane went cloud-hopping today. Latest weather advice from Dr. James H. Kimball of New York Weather Bureau, say storms are prevalent over the North Atlantic with no promise of better weather before Tuesday. Williams and Yancey took the Green Flash aloft more as a relief from inactivity than for test purposes.

**LEGION MEMBERS IN JOINT MEETING**  
**HANFORD, June 2.**—Legionnaires of Madera, Tulare and Fresno counties will be the guests of Hanford Post, here, on Monday evening, next, at a smoker and social session which a small amount of business will be transacted. Among other matters to come up is the "buddy" system, which will be explained by Frank Curran, Frank S. Reynolds Post, No. 28. All ex-service men have been invited. A parade will precede the fraternal get-together.

## PILOT SAVES TRIO IN FALL FROM SKIES

Scion of Rich Man Wins Day After Wing Collapses and Craft Drops 2000 Feet

**WILLOWS, June 2.** (AP) — His airplane plunging crazily to earth from a height of 2000 feet after a wing snapped, Herb Kraft, young scion of a millionaire cheese manufacturer living at Oakland, and two passengers miraculously escaped death here today. The plane, a new Stearman with a Whirlwind motor, ended its precipitate drop in a barley field two miles north of Willows. Three thousand spectators attending the dedication of the Willows Airport raced for the spot, expecting to find the crash victims dead.

The plane had climbed steadily over the field to a height of 2000 feet when spectators were stunned to see one wing collapse and flap frantically in the wind. Instantly the craft plunged earthward at terrific speed. It rolled over and over, performing weird gyrations as the damaged wing finally tore away from the fuselage and floated off. Kraft, managed by daring and skillful maneuvering, brought the plane to earth and brought it to a landing on its wheels.

**JUMPER PERILED AS PARACHUTES TANGLE IN AIR**  
**SACRAMENTO, June 2.** (AP) — Frank Brooks, daredevil of the skies, miraculously escaped death here today when making a triple parachute jump after the first chute he had cut away fell with a thud upon the ground, leaving him to plummet to earth.

The accident, unusual in aviation, occurred before a crowd of thousands who gazed in horror at what they expected to be the death dive of the birdman. Brooks had gone aloft with three parachutes strapped to him. He cut the first one free after falling a few hundred feet. Shortly after he had opened the second one the first chute crashed on top of the one that was lowering him to earth. Within a few seconds Brooks found himself tangled in a mass of cords and silk and only after fighting gamely for 3000 feet was he able to cut away the added burden and save his life.

**CRASH KILLS TWO STUDENT FLYERS**  
**GRAND ISLAND (Neb.) June 2.** (AP) — Myron Robb, Nelson, Neb., and Orville Wittwer, Red Cloud, Neb., aviation students, were killed and their bodies partly cremated, and Howard Wilson, Lebanon, Kan., was seriously burned and cut when an airplane piloted by Wilson went into a tailspin and crashed near the Grand Island Airport late today.

**NOVEL PRIZE DIVIDED**  
**BOSTON, June 2.** (AP) — Announcement was made today that the prize of \$25,000 offered by Houghton Mifflin Company and the American Legion Monthly for the best war story written by a soldier or sailor during the war, had been awarded to William T. Scanlon of Fontana, Wis., and Miss Mary Lee of Westport, N. Y.

**PLATICAS DE LOS LUNES**  
**FOR EL PROFESOR RAMON GUERRERO**  
Encargado de la Sección Española de este diario

En el segundo párrafo de mi Plática anterior hay una errata: "vignere" por "vinagre". Hoy hace ochos días hablé a grandes rasgos de la disposición del escenario de un teatro, y dije cómo se llaman en español las principales dependencias y los más importantes menesteres del mismo. Escribí ahora un vistazo a la sala de espectáculos (house, auditorium), que es lo más conocido del público, pero así donde la concurrencia o auditorio (audience) se sienta a ver la representación (performance). Llámase "patio" o "plates" la planta que hay bajo la sala de un teatro, ocupada por las butacas, o lunetas (stalls, orchestra chairs). El patio o plates está en plano inclinado desde su entrada hasta la orquesta, para que las personas que ocupen las filas (rows) anteriores de butacas o lunetas no estorben la vista de la escena a las personas de atrás.

En los teatros antiguos hay hasta cuatro pisos (tiers) de palcos (boxes) alrededor de la sala. Los más bajos son las butacas o lunetas, que se llaman "palcos", que es un enorme plano del mismo ancho que el patio. El piso de ese enorme balcón forma teatralmente la sala de la sala de la sala. Los más altos son los palcos, que se llaman "palcos", que es un enorme plano del mismo ancho que el patio. El piso de ese enorme balcón forma teatralmente la sala de la sala de la sala.

## SUIT HINGES ON WHO DIED FIRST

Man and Wife Victims of St. Francis Flood

**OLD LEGAL RULE ATTACKED BY PARENTS OF WIFE**  
**COURTS HAVE HELD HUSBAND ALWAYS SURVIVOR**

A unique lawsuit in which is involved the old common-law presumption that in a fire, shipwreck or other disaster wherein a man and wife perish together the husband is the survivor because he is the stronger of the two, arising out of the St. Francis Dam flood, is now awaiting a decision from Superior Judge Yankwich. The action is brought by Emilie Deruelle against Cyrus R. Mathews. The litigation is over insurance carried by Carl James Mathews, who, with his wife, Emilie Mathews, and their four children, all under the age of 15 years, lost their lives at Saugus when the St. Francis Dam carried away on March 13, 1928. The suit was tried before Judge Yankwich and his decision taken under submission.

The plaintiff, Mrs. Emilie Deruelle, is the sole surviving parent of Mrs. Carl James Mathews. At the time the husband and wife and four children met their death in the flood, Mathews was carrying a \$2500 insurance policy in the Equitable Life Assurance Society of the United States. While the policy named Mrs. Mathews as a beneficiary, it also carried a group clause providing that if the named beneficiary was not surviving the money was to be paid to the first surviving group thereafter in the order of surviving children, surviving parents, brothers and sisters, executors or administrators.

**FINALE IN FINK'S FIGHT TO AVOID JAIL ON TODAY**  
The last phase of the fight by Harry Fink, asserted "Axer," to avoid serving a five-day jail term and paying a \$150 fine after being convicted of contempt of court by Municipal Judge J. Gue, is scheduled for Superior Judge Shaw's court today. Fink, who has been heard on a petition for a writ of habeas corpus.

**AMATEURS HERE TALK WITH BYRD**  
Howard C. and Lyndon F. Seefred, of 943 South Fremont avenue, are electric meter readers for the Department of Water and Power during the day time, but at night they have been experimenting with wireless apparatus since prewar days.

**THREE MEN VICTIMS OF HOLD-UPS**  
**BANDIT PAIR IN STOLEN CAR ESCAPE IN CHASE THROUGH DOWNTOWN ALLEYS**

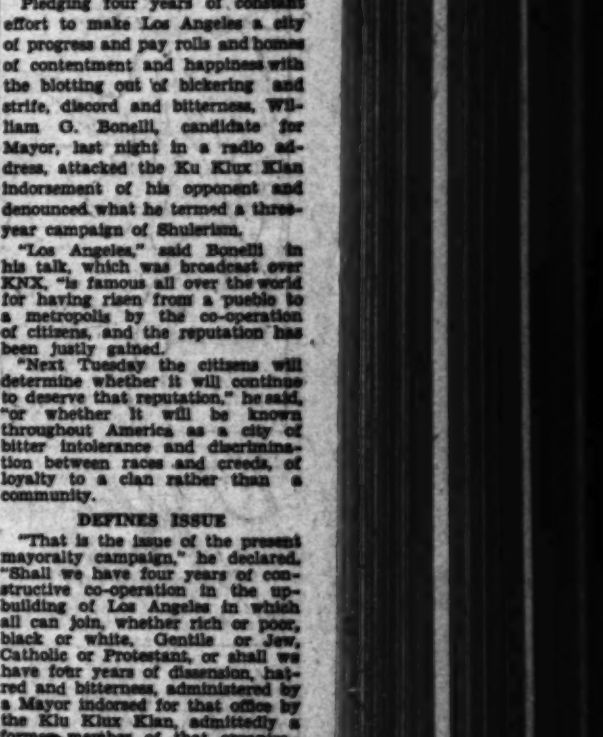

Two bandits in a stolen car early yesterday robbed three victims of more than \$100, engaged in a fist fight with one man and escaped after a chase through downtown streets through the downtown alleys several miles.

**PROTEST REGISTERED**  
**CITIZENS WANT MORE SPACE FOR MEN IN PERSHING SQUARE**

Too much space is reserved in Pershing Square for women and children, according to a complaint made by F. J. Hamilton, citizen and taxpayer, who suggests that the Park Commission pass an order banning them from the remainder of the seats in the park.

## GOLD DAYS RELICS RESCUED

Old Sierra Railroad Train Lives Again

**MAIL "CURE" DEFENDANTS WILL PLEAD**  
**TWO OF FIVE MEN INDICTED FOR TUBERCULOSIS ADS TO APPEAR TOMORROW**

Two men, indicted by the Federal grand jury on a charge of conspiracy to use the mails to defraud in connection with advertising for a reputed "cure" for tuberculosis, are to appear tomorrow before United States District Judge Henning for arraignment and plea. The two to appear are Charles T. Aycock and Glenn S. Jordan. The others indicted are Adolph Eber, George T. Lester and Martin H. Lester.

**SUSPECT HELD IN KNIFING LAID TO JEALOUSY**  
A man's resentment of the attention another was paying to his girl friend, is blamed by police for the stabbing yesterday of John McQuaid, 27 years of age, of 2117 Oak street. Robert M. Payne, 37, of 511 South Boylston street, was arrested on a charge of suspicion of assault with a deadly weapon. The girl over whom the blade is asserted to have been wielded is Mrs. Wanda Graham, pretty cigarette girl employed at the Christie Hotel, Hollywood.

**STUDIO NEEDS LADY MIDGET**  
A female midget is wanted at the Paramount studio in Hollywood. This was the word broadcast yesterday by the casting office of the film company. The midget in question must have a good "microphone voice" as well as pretty features.

**ACTOR SHIPPED AS STATUE**  
**German Comedian Tries Desperate Measure to Get to Film Casting Director**

Charles Loeb, German comedian, 28 years of age, recently tried to "crash the film" here by way of the front and rear doors. Failing, he returned to Chicago where he enlisted the aid of a friend. Last Wednesday this friend, whose name is Fritz Straube, packed him in a coffin-like box, labeled it "Statue—Handle with Care—Value \$500," and shipped him by Wells-Fargo Express to the casting director of the Pathe Studios, Inc., Culver City.

Saturday afternoon, the "statue" arrived and was about to be delivered when noises emanating from the packing case aroused the curiosity of the guards and the company in an investigation.

# OIL and MINING IN THE EARTH

By Sidney Smith

## PALISADES OIL PROBLEM TOLD

Plan for Disposal of Output Worries Operators  
New Line Preferred; Storage Tanks Last Resort  
Now Expected to Hold Stage Through Many Months

A method of storing or disposing of the output of the Palisades oil field, which is being developed by the Standard Oil Company, is being discussed by the operators. The field, which is located in the Kern County area, is being developed by the Standard Oil Company. The operators are worried about the disposal of the output of the field. They are considering several methods, including the use of storage tanks and the use of a new line. The operators are expected to hold the stage through many months.

## OUTLOOK AT KEYES MINE HELD BRIGHT

Manager of Minaret's Kern County Property Writes of Progress  
H. A. Lee, superintendent of the Keyes mine in Sonoma, Mex., is writing of the progress of the mine. The mine is being developed by the Minaret Company. The outlook for the mine is held bright. The manager of the mine, H. A. Lee, is writing of the progress of the mine. The mine is being developed by the Minaret Company.

## GASOLINE STILL LEADS EXPORTS

Commodity Almost Half of Week's Shipments  
Atlantic Trade Orders Call for "Gas" Exclusively  
Fuel Oil and Kerosene Bulk of Pacific Demand

Shipments of gasoline from Los Angeles Harbor last week headed the list of bulk petroleum exports. The total movement of petroleum for the week was 2,444,710 barrels, of which gasoline accounted for 1,188,578 barrels. The Atlantic trade orders call for "gas" exclusively. Fuel oil and kerosene bulk of Pacific demand.

## MEXICAN WELL HAS LONG LIFE

Flowing Nineteen Years; 115,160 Barrels Its Total Production  
MONTERREY (Mex.) June 2. (Exclusive)—For nineteen years the Potrero del Llano oil well of the Mexican Agula (Eagle) Oil Company has been flowing without interruption. Up to May 1, last, it had produced approximately 115,160 barrels, according to an official report of the petroleum bureau of the Department of Industry, Commerce and Labor of the Mexican government.

## PACE SLACKENS AT KETLEMAN

Delay in Curtailment Report Curbs Activity  
Increased Number of Fishing Jobs Also Delay  
Situation at Various Wells in Field Surveyed

Further delay in submitting a curtailment program for Kettleman Hills by a special committee of seven appointed by Umpire P. C. Van Dine, and the increased number of fishing jobs in that area, have automatically retarded developments. While the committee may have a report ready early this week and in the hands of Umpire Van Dine, which will eventually bring about a change in drilling activities, three major companies are struggling with mechanical difficulties that, according to reports, may tie up their operations for some time to come.

## ACTIVITY IN POSO CREEK FIELD TOLD

Good Progress Reported at Projects of General Petroleum and Ohio  
POSO STATION, June 2. (Exclusive)—The Ohio Oil Company a few days ago spudded in its No. 1 well on the Glide lease, Sec. 13, 27-27, in the Poso Creek district and already has reached a depth of 800 feet. Another Poso Creek well, which is making good drilling time since it was spudded in May 23, is the General Petroleum Corporation's No. 28 on the Glide lease, Sec. 21, 27-28. It is below 700 feet. General is preparing to cut casing in its No. 23 well on the same section at 1845 feet. Bottom of the hole is at 1852 feet, and casing was set at 1872 feet.

## FIVE MARICOPA HOLES STARTED

Number of Others Already on Way in District  
Project of Birch Oil Latest to Begin Drilling  
North American Consolidated Heaviest Operator

MARICOPA, June 2. (Exclusive)—Five new wells are getting under way on Maricopa flats and a number of others are drilling. One of the recent organizations to get started here is the Birch Oil Company, which has rotary ready to start in its No. 1 well on Sec. 7, 11-23. The North American Consolidated is operating in five wells at present. Rig is up for Broome No. 2 on Sec. 8, 11-23. Broome No. 1 is down about 3000 feet in hard sand. Sunset Extension No. 1 is down 2270 feet in shale and sand, and the rig is up for Extension No. 2 on the same section, while Lincoln No. 1 on Sec. 13, 11-23, is down 1400 feet in hard sand and drilling ahead.

## NEVADA SILVER MINES CLOSING

Low Price for White Metal Curbs Production  
Many Leasers Compelled to Stop Operations  
Few Properties Kept Going by Gold Return

TONOPAH (Nev.) June 2. (Exclusive)—Although the drop of silver to below 54 cents an ounce, the lowest price recorded in many years, has seriously reduced profits from Nevada silver mines, however, activity is reported from Tonopah, Divide and other districts. Presence of considerable gold in silver-bearing ores of Tonopah and Divide enables the various companies to make fair profits, but numerous leasers have been forced to discontinue production. Silver, Hamilton, Potosi and many other districts are also feeling the pinch of low prices for the white metal. The situation at Divide has shown improvement with development of new ore bodies in the Brougher and Gold Zone mines. Several leasers are shipping from the Brougher, and the Gold Zone has resumed production after suspension of shipments for a month. Manager Albert Silver states that a strong ore body has been opened up between the 500 and 600-foot levels with the vein apparently gathering width and value as it goes down. Southern California people are heavily interested in the Gold Zone. The Sultana group of claims is the Maricopa district, southwest of Mina, has been taken under bond and lease by J. P. Harrison, a North Hollywood. The claims contain ledge carrying gold, silver and lead, with indications considered encouraging for the making of a producer. Some shipping is reported in sight. The Carrara district enjoys steady progress. In addition to the Gold Ace Company work is being done by the Arista, Golden Ace, Hewitt Carrara, Gold Fortune, Gold Anner and other corporations, while promising discoveries are reported from the Yellow Jacket, Arista Southern and other properties. Seattle and Idaho capital has entered the district, which continues to be strongly expected by most Nevada promoters and operators. The Gold Ace Company is preparing to sink its main shaft to a depth of 600 feet, and is installing powerful equipment. The management reports the rich shoot continues to show strength.

## REPORT OF ORE STRIKE ERRONEOUS

Secretary of Belmont Mining Says Status of Property Unchanged  
SUPERIOR (Ariz.) June 2. (Exclusive)—Denial has been made by the management of the Belmont Mining Company of a recent report that rich copper-silver ore had been struck in the lower workings. Secretary Arthur J. Smith states there has been little change in the quantity or quality of available ore, though \$350,000 is being spent in exploration work. Promising conditions have been found in the company's Sandbar vein. Magma is showing net earnings approximating \$1,000,000 a quarter, according to report of Manager William E. Keener. This return is coming from nearly 10,000,000 pounds of copper turned out in the same quarterly period, at a cost of 2.24 cents a pound. The Magma smelter is handling much ore from the old Reymont mine, now under lease by W. J. Furber of Superior. Ore taken from the lower workings of the American shaft on the property averages 30 ounces silver. Completion is announced of a fifty-ton mill on the Jumbo Silver-lead Company's property, south of the Belmont Extension. At this point, Fletcher Merrill is in charge. A ten-year lease has been taken on the Fortuna property, near Superior, by the Belmont Extension Consolidated Mines Company of Jersey City, N. J.

## Sublease Taken on Tract Near Elwood Field

That the showing encountered in the Padre Oil Company's McCrate No. 1, being drilled near Naples, just west of the Elwood coastal oil field, is promising was indicated yesterday when a sublease on twenty acres in the vicinity of the test was taken by Los Angeles operators for a reported cash consideration of \$40,000. Verne L. Arnold and Leonard Jones obtained the sublease from the Eagle Development Company, which holds drilling rights on a large part of Wythe's Dos Pueblos ranch. Under the sublease, companies will not drill within 100 feet of the boundaries of their respective properties. The Pacific Western Oil Company is drilling a wildcat well a mile west of Naples.

## Lease of Torrey Pines Park for Oil Hunt Sought

SAN DIEGO, June 2. (Exclusive)—Application for a lease on all land in Torrey Pines Park, to explore for oil, has been made by Nicholas Rhodes, a real estate operator of Los Angeles, in a communication to the City Council. Mr. Rhodes agrees to begin drilling at once and says that if oil is found, he will pay a liberal royalty to the city on all production. Torrey Pines Park is under control of the Park Commission and there is nothing in the charter which gives the commission the right to lease any part of it, or in any way relinquish its control. In the vicinity of Torrey Pines Park several parcels of pueblo lands have been leased to corporations and individuals for oil prospecting purposes, and some of those leases are still alive.

## Comparison of California's Daily Oil Production

Week ending June 1		Week ending June 2		Week ending June 3		Week ending June 4	
District—	No. Wells	Average for Week	No. Wells	Average for Week	No. Wells	Average for Week	No. Wells

## Late Bond Reviews; Metal Mining and Petroleum News

### SEVEN TROUGHS TO BUILD MILL

Work on Project Slated to Start Immediately

Manager Reports Ore Body in Property Widening

District Held on Eve of New Development Era

LOVELOCK (Nev.) June 2. (Exclusive)—The Seven Troughs Gold Mines Company has authorized immediate construction of a mill, and voted funds to finance the project. Manager L. A. Friedman states that the ledge opened south of the main tunnel has widened to a six-foot width of excellent ore, with assays averaging around \$100 per ton. A streak on the footwall is said to sample \$200 per ton. Manager Friedman says the development marks the greatest ore-showing in the Seven Troughs district for twenty years. The tunnel has encountered a favorable formation and is thought to be near the Coalition vein system.

Foundations are being placed for the new mill of the Seven Troughs Extension Company, controlled by Los Angeles investors headed by A. L. Beardsley. The plant will be of the cyanide type, with a daily capacity of thirty to forty tons, and is designed to save 97 per cent of assay values. Sufficient ore is reported exposed to keep the mill running for two years, with the product sampling \$15 to \$17 per ton. The company has completed a 12,000-foot pipe line from spring to plant.

The same interests are developing large copper deposits between Carlin and Eureka, with recent work stated to have exposed substantial bodies of excellent material. Beardsley also controls the Walker Extension mine near Portola, Cal., adjoining the large copper mines of the Walker Mining Company. A deal is pending for sale of this property to strong interests.

The Nevada Quicksilver Company reports net earnings of \$776,054 in the period from December 1, 1928, to April 1, 1929. The company acquired the deposits for \$50,000 and installed a large rotary furnace and powerful mining equipment. The shaft is down 425 feet with substantial ore bodies disclosed and the cinchbar veins persisting as far as work has advanced. The company is said to be the largest producer of quicksilver in America.

### CREW OF TWENTY AT WORK IN GOLD MINE

Twenty men are now employed opening up the Oak Hill gold mine east of Waterford in Stanislaus county. Two ore shoots have been encountered in the shaft at the 400 and 500-foot levels, the former running 87 on an eight-foot face and the latter said to reach 478 for a width of two feet. Twenty tons of ore a day are being taken from the smaller shoot and shipped.

SHATTUCK (Ariz.) June 2. (Exclusive)—It is reported that the main copper producers of Arizona have agreed to cut their output about 10 per cent, in view of the dropping price of the metal and of reports of mounting reserve stocks of the metal. Employment in the mines has been mounting for several months, with a peak of 18,000 operatives, or tenth more than a year ago. Several reductions in wage scales have followed the copper price decline.

Shattuck-Denn is shipping about 400 tons a day of 6-per cent copper ore to the Calumet & Arizona smelter at Douglas, mainly from the Denn shaft. In a 2200-level drainage drift from the Denn shaft toward the Calumet & Arizona workings, now nearly reached, has been cut a fine ore body, over twenty feet wide and sampling 9 per cent.

This same ore already has been developed by the C. & A. Shattuck-Denn has made a large success of its deeper exploration, though at first handicapped by inefficient hoisting arrangements. The mine now is considered one worthy of ranking with its larger neighbors.

From Central Copper, at Dos Cabezas, in the eastern end of Cochise county, has come statement that diamond drilling is being pushed to pick up faulting conditions below the 400 level. One ledge recently cut, averages two feet width of ore carrying 10 per cent copper and \$10 in gold.

### TUNNEL TO CUT COSTS OF MINING

Alladin Divide Project Expected to Result in Substantial Saving

CHICO, June 2. (Exclusive)—The Alladin Divide Mining Company, twenty-four miles from Chico, in Butte county, expects to eventually mine through a tunnel at a cost of 30 to 50 cents a cubic yard.

Under Manager Clyde E. Collins a tunnel is being driven through lava and serpentine to reach the White-side channel, an ancient river bed. Already this channel has been opened up at one point where twenty-two cubic feet of gravel sluiced over \$40 in gold. This tunnel is above the river bed and did not drain the channel.

The present tunnel has approximately 200 feet to go to reach bed rock under the channel. With two shifts working, unusually rapid progress is being made at extremely low cost because the muck is hydraulicked out through a sluice-box. The water comes in at the face of the tunnel in an eight-inch pipe under a head of sixty-eight feet. The pipe is hooked up to a Pelton wheel and a compressor, which runs two backwashers. This furnishes all the power necessary. As high as fifteen feet a day has been made in the tunnel.

The company owns 6000 feet along the channel, which from showings at various places is estimated to average from forty to fifty feet wide and has a depth of ten to fifteen feet. The channel is so located that tunnels can be driven every 1000 feet down a canyon that runs alongside the channel. The company is taking over another mile of property along the channel, which will give it more than two miles of ground to work.

SEARCH FOR GAS ON DOCKET AT CORNING

Warren Woodson, founder of Corning, has become interested in the possibilities of gas in Tehama county and is financing a test well to go down west of Corning on the Black ranch. A water well drilled on the ranch in 1920 struck a large flow of gas at 140 feet with some oil showings. It is hoped to supply the town of Corning with gas.

### IDAHO GOLD DIGGINGS TO OPEN SOON

Manager Reports Black Warrior Plans to Begin Operations Shortly

Black Warrior Mines, Inc., with extensive mineral holdings in Elmore county, Idaho, is arranging for gold recovery from the gravel of Black Warrior Creek, and Dan Greenwalt of Los Angeles, manager, writes he is getting together a working force of experienced placer miners and that it is planned to begin operations at company diggings within the next six weeks.

Actual production work, he says, will be started near the mouth of the creek, not far from where it empties into the upper Boise river. Submersible elevator is to be used to facilitate economical operation and peak handling of the gravel. The creek bed is to be worked upstream. The gold-bearing gravels of Black Warrior Creek, it is claimed, is about nine feet thick from the surface down to bedrock and runs from 30 to 60 cents in gold to the cubic yard. Hydraulic giants will be used in placer-mining operations. A large supply of provisions is being taken into company camp by auto trucks.

Greenwalt states that the accumulation of gravel has been caused by slides has about disappeared and that everything is nearly ready for a satisfactory run this season. After gold recovery starts, he says, regular clean-ups will be made semi-monthly. The stock of the company was recently listed on the San Francisco Mining Exchange.

### OUTPUT OF COPPER TO BE SHADED

Producers in Arizona Reported in Pact for 10 Per Cent Cut

BISBEE (Ariz.) June 2. (Exclusive)—It is reported that the main copper producers of Arizona have agreed to cut their output about 10 per cent, in view of the dropping price of the metal and of reports of mounting reserve stocks of the metal. Employment in the mines has been mounting for several months, with a peak of 18,000 operatives, or tenth more than a year ago. Several reductions in wage scales have followed the copper price decline.

Shattuck-Denn is shipping about 400 tons a day of 6-per cent copper ore to the Calumet & Arizona smelter at Douglas, mainly from the Denn shaft. In a 2200-level drainage drift from the Denn shaft toward the Calumet & Arizona workings, now nearly reached, has been cut a fine ore body, over twenty feet wide and sampling 9 per cent.

This same ore already has been developed by the C. & A. Shattuck-Denn has made a large success of its deeper exploration, though at first handicapped by inefficient hoisting arrangements. The mine now is considered one worthy of ranking with its larger neighbors.

From Central Copper, at Dos Cabezas, in the eastern end of Cochise county, has come statement that diamond drilling is being pushed to pick up faulting conditions below the 400 level. One ledge recently cut, averages two feet width of ore carrying 10 per cent copper and \$10 in gold.

### TUNNEL TO CUT COSTS OF MINING

Alladin Divide Project Expected to Result in Substantial Saving

CHICO, June 2. (Exclusive)—The Alladin Divide Mining Company, twenty-four miles from Chico, in Butte county, expects to eventually mine through a tunnel at a cost of 30 to 50 cents a cubic yard.

Under Manager Clyde E. Collins a tunnel is being driven through lava and serpentine to reach the White-side channel, an ancient river bed. Already this channel has been opened up at one point where twenty-two cubic feet of gravel sluiced over \$40 in gold. This tunnel is above the river bed and did not drain the channel.

The present tunnel has approximately 200 feet to go to reach bed rock under the channel. With two shifts working, unusually rapid progress is being made at extremely low cost because the muck is hydraulicked out through a sluice-box. The water comes in at the face of the tunnel in an eight-inch pipe under a head of sixty-eight feet. The pipe is hooked up to a Pelton wheel and a compressor, which runs two backwashers. This furnishes all the power necessary. As high as fifteen feet a day has been made in the tunnel.

The company owns 6000 feet along the channel, which from showings at various places is estimated to average from forty to fifty feet wide and has a depth of ten to fifteen feet. The channel is so located that tunnels can be driven every 1000 feet down a canyon that runs alongside the channel. The company is taking over another mile of property along the channel, which will give it more than two miles of ground to work.

### MOTOR GAS TAX NOW UNIVERSAL

New York Last of States to Put Law in Force

Illinois Collections Due for Start on August 1

Increase Per Gallon Passed on to Auto Owners

NEW YORK, June 2. (Exclusive)—Motorists in New York State, last of the commonwealths to adopt a gasoline-tax law, began paying their taxes May 1 and now only motorists of Illinois, where the law is not effective until August 1, are free of such levies.

Suggestions of tax officials in New York that oil companies probably would absorb the tax in order to meet competition failed generally of realization. At midnight April 30 filling stations of the largest companies, at least, hung out tags showing the price of gas and adding "Tax 2 cents." One of the first results has been decision of taxicab and motor-bus operators to ask higher rates.

As a result of increases in rates made during recent legislative sessions, motorists in more than half the States are paying 4 cents or over per gallon in taxes, according to the American Petroleum Institute. Eight States and the District of Columbia now levy a tax of 2 cents per gallon, while nine charge 3 cents, one 3 1/2 cents, twenty 4 cents, eight 5 cents and one 6 cents.

Legislation designed to impose higher taxes is being considered in a number of States. South Carolina's position at the head of the list with a 6-cent tax is threatened by Florida, where an 8-cent tax is proposed, the 3-cent increase to be devoted to school purposes. Among other States talking higher rates are Maine, Wisconsin, Texas, New Hampshire and Colorado, as well as the District of Columbia.

The institute estimates the aggregate 1929 tax at \$450,000,000, as compared with \$305,000,000 paid in 1928. The average tax now is above 3 cents per gallon.

### SURVEY OF OIL FIELD WASTE OUT

Mines Bureau Reports Result of Inquiry on Material Salvaging

Engineers of the San Francisco field office of the United States Bureau of Mines have just completed a study of material salvages in the oil industry and have prepared a report that describes in detail the methods of salvaging in general use by the larger companies. The report, which contains thirty-two figures demonstrating these methods, will be published within the next few months.

Large sums of money are expended annually by companies in the purchase of new equipment such as casing, sucker rods, drilling and fishing tools, engines, tanks, boilers, stills, compressors, and the hundreds of other essentials that go to make up equipment necessary to the oil industry.

This new material often replaces used or partly damaged equipment that many times is consigned to the scrap pile without proper thought as to the possibility of its being worked over, repaired, or made to serve some useful purpose in the industry.

Some of the larger oil companies have been doing a considerable amount of salvage work for years; many of them have departments whose particular object is the repair and care of salvage materials.

### RICH PLACER FIND REPORTED

SACRAMENTO, June 2. (Exclusive)—Superintendent C. E. Collins of the Aladdin Mining Company, working on the old MacLean channel near Magalia, reports a winnow from an old tunnel has exposed gravel averaging around \$30 in gold per cubic yard. The gold is coarse, and tiny nuggets are also reported showing.

The company is driving a tunnel to cut the channel, and controls about two miles along the length of the deposit. The channel is said to show a width of 50 feet at bedrock, with the auriferous gravel about ten feet thick. Ample water for sluicing is said to be available.

The Parnell Gold Mines Company of Los Angeles has opened a shoot of rich ore in the old Balm-moon mine, located five miles from North San Juan, a historic camp in Nevada county. The ore was cut on the 180-foot level of the incline shaft and is said to show coarse gold, with the entire product running into high grade. Production has been going on quietly for several weeks.

Mining was resumed last week at the Calaveras Copper mine, near Copperopolis, after an idleness of several years. It is understood the property has been taken under lease and bond by a new corporation, controlled by the California Copper Co. This corporation operates the noted Engels copper group near Portola. The Calaveras Copper mine was located in 1900 and for many years ranked among the leading red-metal producers of the State.

The once-noted old Banner mine, near Oroville, has been acquired by the Empress Mining Corporation. Activities will be largely centered on development of the Amos vein, said to have been showing good ore when friction among former owners forced suspension of operations. The Banner was one of the early lode locations in Butte county and is credited with producing a substantial tonnage of shipping ore.

## OLD-HOME TOWN NOT FORGOTTEN

**R. B. Lane, Hollywood Man, Makes Gift to Community.**  
**No Lived In As Boy.**

**PICKETT (Wis.) June 2.—** (Exclusive)—The story-book tale of a mischievous youth, who leaves his home town, becomes rich in the commercial field, and then, in his declining years, returns as public benefactor to the scene of his childhood days, has been enacted in real life here.

The principal figure is R. B. Lane, 79 years of age, now a wealthy banker and real-estate dealer of Hollywood, Cal. Mr. Lane, who left this hamlet of 100 persons sixty years ago, has given \$20,000 for the erection of a new school and community building. The school would replace the little frame house in which Mr. Lane "got his share of lickings from the teachers."

**Hollywood Music Box.** 6126 Hollywood Boulevard—"Draula."

**President.** 744 South Broadway—"Sliding."

**Varities.** Burbank, Sixth and Main—"Burlesque."

## Tamed Swedish Moose Can Beat Fastest Horses

**STOCKHOLM, June 2. (AP)—** The Swedish moose is a dangerous competitor to the horse.

Some years ago a harnessed moose easily took first place in a horse race, but was refused prize money because the judges decided it was out of the competition.

Moose were used as saddle and draft horses several centuries ago until prohibited by a royal decree. As it was feared a criminal astride a moose could easily outdistance his horse-powered pursuers.

A Swedish country gentleman caught a bull moose as a calf and broke him for mail service. The animal proved more practical than a horse, since no gates had to be opened, the moose clearing them all without difficulty.

At one time a military expert proposed a moose cavalry regiment, asserting that a moose squadron would put right into a whole horse regiment. The scheme was left untried.

## HANFORD BECOMES FLYING CENTER

**HANFORD, June 2.**—The second permit within the past two weeks has been granted to applicants seeking to use Hanford's municipal airport as a flying school.

C. A. Mullens and Vernon Bollaz, representing the Eagle Flying School, are the latest to obtain permission to use the local flying field as a ground for tutoring "air-minded" residents of this district.

Two weeks ago a similar permit was granted to Ross and Grigori, a Visalia firm, which, in addition to conducting a school, will use the airport as a transportation base.

## MAJOR CRIMES DECLINE MARKEDLY UNDER DAVIS

Efficient Police Administration  
Shown Despite City's Growth  
and Small Force

A story of efficient police administration simply told can be read in the crime chart of the Los Angeles Police Department for the year ending June 30, 1928. The chart shows a marked decline in major crimes during the year ending June 30, 1928, as compared with the year ending June 30, 1927. The decline is shown in the following table:

Year	Major Crimes	Minor Crimes	Total Crimes
1924-1925	54	8108	8162
1925-1926	48	8294	8342
1926-1927	46	8253	8300
1927-1928	31	7125	7156
1928-1929	21	6136	6157

Over the largest city front in the world, 443 square miles, a thin blue line of police officers is fighting, and according to statistical data, winning its never-ending battle with crime although woefully weak in numbers, equipment, money and sometimes unsupported by the very people the officers are attempting to protect.

Scattered over the 443 square miles are 1,400,000 citizens who demand protection from the police department made up of 2358 men and women of all grades and ranks. During the day time the population increases by an estimated 300,000.

But in the face of the seemingly insurmountable obstacles a statistical survey of the year ending June 30, 1928, shows that the police department made with the aid of the statistical tabulating machinery of the statistical division developed by Chief Davis, a marked decrease in major crimes, dropped from sixty-six during the year ending June 30, 1927, to thirty-one during the year ending June 30, 1928.

Records show that murder, which heads all major crimes, dropped from six during the year ending June 30, 1927, to one during the year ending June 30, 1928. During the year ending June 30, 1927, there were four unsolved murders. In 1928-1929 only two unsolved murders remained and this year but eight show so far on the police records with less than a month to go.

**SUMMARIES DECLINE**  
Burglaries, the largest of the department's crimes throughout the country, will fall below the 6000 mark in this city at the close of this fiscal year for the first time in the recent history of the city. This is in the face of additional territory to police and a huge increase in the population. With but one month remaining of the fiscal year 1928-1929, burglaries have been reported as against a high during 1926-1927 of 7182 and a low two years later of 7182.

Coupled with the decrease in burglaries comes also a marked decrease in robberies. The crime chart shows a high mark in 1924-1925 of 1712 and a low the following year of 1387 while during the present year, with only a month remaining, 1145 robberies have been reported.

With other low records falling by the wayside, larceny from the person, which includes pickpocketing and purse-snatching, hit an all-time low during the first eleven months of the present fiscal year with the astonishingly small figure of 31. When Chief Davis assumed command of the police department this class of crime was running about 300 cases reported yearly. The next year 545 reports were made, last year 538 and this year the number will fall below 400.

**THEFTS DECREASE**  
Automobile theft from the streets, statistics show, will run about 10,000 for the present fiscal year. The high came in 1926-1927 and was set at 11,461 automobiles stolen. Police reports show that almost in every case the automobile reported stolen were not locked by the owner when parked. With the vast increase in automobiles the fact that there are below one of the former years and no higher than last year is pointed to with pride by the head of the department.

If automobile owners could be

Opening of Dias avenue to a width of eighty feet between Raymond and Fairfax streets has been requested. A petition received by the City Council and referred to its Street Opening and Widening Committee and the City Engineer.

## SPRING FANCIES TURN ABROAD

May Banner Passport Month,  
Notes Federal Clerk as  
235 Customers Call

Passports issued by Federal Passport Clerk Cordes surpassed all previous months during May, it was shown by his report to Clerk Zimmerman.

Cordes reported that during May this year 235 passports to persons going to foreign countries, mostly to Europe, were issued, compared with 723 for May, 1928. The previous high record was made in April of this year when 236 passports were issued.

## THE LANCER

(Continued from First Page)

deal gesture on his part.

An American with more money than social fitness sent a waiter over to Almsman's table with a bottle of wine. Almsman accepted the bottle graciously. Then sent the same waiter to every table in the dining room with a bottle of champagne.

It was a charming—but darned expensive rebuke.

## A BASEBALL MAN

Almsman—who openly dislikes Calles—is a candidate for President of Mexico. He is of special interest to Americans, as he was educated at the University of Wisconsin and is a baseball fan.

## WHERE IS ESCOBAR?

Escobar, the rebel chief, still is missing. Also his six automobile loads of cash.

The fortune that he took from the banks of Chihuahua is believed to amount to several millions of dollars. The other rebel generals have been forgiven and are attending the motion-picture shows in Los Angeles. Escobar will be shot if he is caught.

## HIT THE TRAIL

Those in a position to know best, think he hit the trail some time before the "revolution" collapsed.

He designed his army as it was coming over Pulpito Pass. He went to Nogales and, shutting himself in a house, denied himself to all visitors. The reason probably was that he was not in the house. He already had fled. There was, at the time, an ammunition ship carrying cartridges for the rebels on the west coast. When it sailed, he probably sailed with it.

## BUSINESS AS USUAL

Business is booming again in the border towns. American clothing and household goods are going in floods across the border.

## WAR NOT ALWAYS HELL

There is no so many angles to war. For instance, the Biscoe officer who cleaned up a small fortune by peddling field glasses to the crowds on the day of the fight at Waco, when the Federal machine guns were pouring bullets into the Mayo Indians.

## LONG-MARRIED PAIR

## ARRIVE AT PARTING

One year ago Broer Albin Eastersberg and his wife, Margaret Elisabeth Eastersberg, separated after living together for twenty-four years. Mrs. Eastersberg left Eastersberg, taking up her residence in the Eastersberg home, but separate and apart from him. This was revealed at the hearing on a petition for divorce filed by Eastersberg and heard by Superior Judge Bishop. The husband was granted a divorce on the grounds of mental cruelty. The Eastersbergs were married July 4, 1904 at St. Joseph, Mich.

## IMPROVEMENT SOUGHT

Opening of Dias avenue to a width of eighty feet between Raymond and Fairfax streets has been requested. A petition received by the City Council and referred to its Street Opening and Widening Committee and the City Engineer.

## THE TROUSSEAU

To complete the correct bridal wardrobe five exclusive Benchmade models are essential. For the wedding, a luxurious white satin pump... smart resort and club activities demand the jaunty low beeled sports model illustrated... a fascinating kid and moire combination in exactly the right color is loveliest with your afternoon frock or ensemble... for travel and street wear—a tailor oxford... and an evening model for more formal occasions.

## POLITICS THE WATCHMAN

Trend of Political Thought and Action

BY THE EDITOR ON HIS BEAT

Beginning at 8 a.m. tomorrow and continuing until 7 p.m., tomorrow, the ballots of Los Angeles voters—descending in a more or less steady downpour—will determine the character, so to speak, of the community's political weather during the next two to four years.

Because in most contests the race is conceded to be close, and aggressively fought, all opposition political camps are on the alert—hoping to overlook nothing calculated either to advance the cause of each exposure or retard the progress of the opposition.

There is more than ordinary interest in the mayoralty fight between John Porter and William G. Bonelli and this fact is generally given as the chief reason for anticipating a reasonably representative expression of the city's electorates.

Those fighting for and against approval of the various measures on the ballot also express conviction that the total vote will be greater than the recent primary, when a total of 213,900 ballots was cast.

New support announced for Sherill B. Osborne, candidate for Council in the Fourteenth District, further increases the probabilities of an Osborne victory at the polls next year. In the opinion of astute political observers.

Charging that scurrilous attacks are being directed at Erwin P. Werner, leading candidate for City Attorney, in a frenzied panic, last-minute effort to defeat him, Robert A. Odell, prominent in the fight of the ticket, Odell stated.

Odell served as chairman of the Donald M. Keck campaign committee during Keck's unsuccessful primary candidacy.

"Mr. Keck, a refined gentleman and a good lawyer, was eliminated, and the voters placed Werner at the head of the ticket," Odell stated.

"Werner has conducted a dignified, clean, nonpartisan campaign. He has created no false issues, nor has he resorted to political trickery in an effort to delude and misguide voters. Erwin P. Werner is a responsible citizen, property and home owner of Los Angeles. He is a lawyer and not a politician."

"I believe you to be, unquestionably, the better man for the post. This was the statement of Carlin O. Smith, who was a candidate for Mayor at the primary election, in a letter to William G. Bonelli, present council member.

During the preliminary campaign Smith had an unusual opportunity to study the qualifications of each candidate, as they often spoke from the same platform.

"Further than that," Smith continued, "I shall urge all my friends to give their support to you. I am confident you will prove a boon to the taxpayers of the city."

"Beyond your recognized qualifications, your exceptional background and training for public service, I wish to commend you on your fair and tolerant attitude toward everyone of all races, creeds and religious beliefs. It is a relief to know that with you, Mayor, there will be no religious or racial prejudices allowed to run riot, coloring public questions and reflecting to the discredit of the entire city."

The election of Arthur W. Eckman and Harry H. Baskerville to the Board of Education seemed assured in view of the fact that the two candidates, endorsed by the Citizens' School Committee, received a vote of almost three-to-one over their Socialist Party opponents in the primary.

The W.C.T.U. Federation of the San Fernando Valley, through Mrs. Zela Hunt, has endorsed Perry Thomas, candidate for Office No. 1 of the Municipal Court.

"In making this endorsement, the W.C.T.U. leaders have made a careful investigation of both candidates for this office and have decided unanimously in favor of Perry Thomas," declared Mrs. Hunt.

"From Mr. Thomas's record, during the several years of his public life, we have found him to take a fearless stand in the matter of law enforcement, and feel sure that the same policy will be carried out in his judicial career to the satisfaction of the electorate."

John C. Porter yesterday reiterated the stand he has taken during the mayoralty campaign with the following statement:

"As we approach election day, when the people will decide who and what policy will govern our city for the next four years, I am well aware of the high tension the supporters of both candidates are under. To date I am sure it has been possible for both candidates to control the style, manner and distribution of their political literature and publicity."

"As the campaign waxes hot during the closing days overenthusiastic supporters are tempted to lean on the old adage, 'fight fire with fire.' I seriously desire at this time to beg my supporters to keep their hands and minds clean."

"I positively repudiate and condemn any scurrilous, false statements on political printed matter that may be given circulation in my behalf."

The foundation of business is confidence. I shall endeavor to restore confidence in our city administration through integrity and unflinching service."

"I recognize that the industrial development of this city has given it a pre-eminent position among the cities of America and I shall do everything in my power along constructive lines to encourage this expansion. We all realize that successful achievement in this field, with protection both for invested capital and for the men employed means the ultimate general welfare."

"I stated at the beginning of the future ass's of the universal campaign that I elected Mayor last year."

## "TIMES" ELECTION SERVICE

In accordance with its custom, The Times will make known the returns from Tuesday's municipal election by radio, from Station KRLD, the Don Lee station, by special street editions and by telephone to all who call Tuesday night. First returns will be available probably about 7:30 and will be broadcast at frequent intervals as long as the results remain in doubt.

## Grove Planned in Memory of Bard of Avon

One of the landscape features of the new campus of the University of California at Los Angeles will be a grove serving as a memorial to Shakespeare, the project of the Shakespeare Foundation, a group of Los Angeles citizens who plan to erect a chair of Shakespeare at the university.

The first tree of this grove will be set out during commencement week of U.C.L.A. with ceremonies in which H. D. MacLean, Shakespearean actor, will take part. It is intended that the grove shall be augmented by ceremonial tree plantings, including one by each graduating class.

The site selected for the grove crowns a hill which commands a view of the ocean and has exceptional natural beauty. In this vicinity it is planned to erect the Greek Theater, which is to be one of the landmarks of the campus.

The site selected for the grove crowns a hill which commands a view of the ocean and has exceptional natural beauty. In this vicinity it is planned to erect the Greek Theater, which is to be one of the landmarks of the campus.

## BAAB SLAYING CASE NEAR JURY

Closing Arguments Will be Made This Morning

State Asks Death Penalty for Officer's Slayer

Love Story Told by Accused Man Denied by Widow

The fate of George S. Arnold, charged with murder in connection with the shooting last March of Sgt. E. C. Baab, head of the vice squad at Georgia-street station, is scheduled to be placed in the hands of a jury today in Superior Judge Hardy's court.

Testimony in the case was finished Friday and closing arguments to the jury are to be made this morning. The state is asking the death penalty.

Arnold is declared to have shot Baab while they were in the kitchen of the latter's home, the night of March 24, last, just as a wedding anniversary party given by Baab and his wife was coming to an end.

The prosecution sought to prove that Arnold fired because he was envious of Baab's happiness, but Arnold, who went on the witness stand in his own behalf, testified he shot the police officer in self-defense.

According to Arnold's version of the tragedy, he and Mrs. Baab carried on a secret love affair and on the night of the party he heard Baab tell his wife he was going to kill Arnold. Walking into the kitchen, Arnold testified, Baab sought to strike him and Arnold said he fired because of fear of his life.

Arnold and the Baabs had lived under the same roof for seven years, it was brought out in the testimony.

Mrs. Baab, who was recalled to the stand as a closing rebuttal witness for the prosecution, denied Baab's version of the affair. She declared emphatically that she had never had a love affair with Arnold and that she knew of no motive for the shooting.

The case is being prosecuted by Dep. Dist. Atty. Aggeler and Richardson.

## Land for Park to be Inspected

The Park Commission this week will inspect twenty acres of land offered by the Department of Water and Power for use as a portion of the Victory-Vanowen Park, which will be available for the purpose as soon as the department concludes experiments on the land.

The department also offered to arrange to use the channel running through the park for water percolation purposes.

Petitioned by Robert J. Westward and others, to determine whether the commission would accept certain lands comprising the Brown Canyon channel and adjacent areas between Roscoe and Fairbanks streets, Owensmouth, for development as a park and swimming pool project, providing arrangements are made with Charles Weeks and the California Trust Company to deed the lands to the city, the commission directed Supt. Shears to investigate and report.

Because of his outstanding qualifications and interest in the welfare of the city, S. De Vler Ey, Councilman nominee from the Fifth District, yesterday was endorsed by the California State Parks Association, it was announced by Alexander M. Stout, campaign manager.

Among the six Eleventh District candidates who ran for Council at the recent primary election and who since have endorsed J. C. Barthel for Councilman from that district, are Thomas P. Padden and Thomas H. Hanna. Mr. Hanna has written Barthel, in part, as follows:

"It is of paramount importance that the city be represented in City Council by a man who will safeguard the interests of the taxpayers. The importance of many problems in the city which you are familiar with, I believe you will exert every effort and take advantage of every opportunity to further the accomplishment of these important matters. Mrs. Padden writes: 'I know of no other I would rather see Councilman than you.'"

The third endorsement in as many days for Sherill B. Osborne, Council candidate from the Fourteenth District, was announced yesterday by officials of the campaign committee, following receipt of a formal notification to the effect that the California State Parks Association had given its stamp of approval to his candidacy.

## YACHT HARBOR on dry land...

on fashionable Wilshire Boulevard!

Trim cabin cruisers, pennants af flutter, call up visions of glorious week-ends; slim, graceful speedboats promise joyous hours on ocean, bay or lake. A sight none can pass unseeing, none can see without longing! A great idea of Robert V. Staats, Inc., is in far-famed Matthews Stock Cruisers, Gar Wood Runabouts, Johnson Outboard Motors. An idea so good that there are scarcely enough boats available to fill the orders, we are told.

Which brings us to the business stationery of Robert V. Staats, Inc. The letterheads and business cards are, in their way, as out-of-the-ordinary as interesting, as pleasingly impressive as the Wilshire Boulevard Yacht Harbor. Our design, thank you! A good example of the possibilities of the letterhead and other workaday office printing. An indication of what you may expect to receive at the hands of our Service Staff.

Your sales literature, too, will have the thought and care of real copy here. Go into session with our Service Staff, if you would like capable assistance in the formulation of direct-mail campaigns, folders, brochures, catalogues, cartons, printed displays. Merchandising counsel, as well as ideas, copy, and design, is also at your command.

## Footway for Summer Individuality

Never before has fashion been so  
practical of ideas for summer...

the new made have a new... a  
daring quality that is new and  
very exciting... distinctive patterns.

Woolf White Co.

2631 Wilshire Boulevard

Just Two Blocks West of  
Wilshire Park...

**PEN POINT**  
Travel really is broadening.  
Our neighbor returned from Europe with a very broad "vase."

Alas! The man destined to establish a record for longevity never seems good at any time.

It's always safer to travel alongside a new car. It keeps your fenders as it keeps out.

Even crooks avoid auto accidents. Universal scorn, crime will end when everyone secures criminals.

How strange that it never occurs to the police to wonder why a near-beer joint needs a license.

If he holds a chair for his public, and doesn't at home, he sees nothing wrong in giving a hoggy check.

You can't be a bridge unless you are the type that can say "make" when you see "double" and not feel silly.

Equality, additional! It was married in the hope of making no more, but hard times making people that it a love match.

Americanism: Wishing a fool driver in front of you, and thinking that fool driver behind has a nerve to hand a gangway.

A night club bores last is a wife. She cleans out her pockets before you fall asleep.

It displeased Helen, but she couldn't afford to say damn a little bottle throwing.

The successful man's explanation indicates that the secret of success consists in taking on any good thing that happens.

The news photographer has great skill. No mere amateur could always catch a great man with a foolish look on his face.

So much of this criticism of the naughty seems always to the point of adding: "And how good I am."

Correct this sentence: "The car honks to pass me, the village cut-up, I never see on it."

It is much easier to live in an income than it is to be without one.

A man's age inspires veneration, but a woman's has to be handled with tact.

The shopping district attests the average woman's idea of the buy-way of life.

Some women are such good givers that even the naked truth gives them cold shivers.

It is so easy to be gay, so pleasant things all come so easy! We have no sense in being so serious, and we have no sense in being so gay.

Every brand that any man ever could command, our people are not lean and bank, and we have no sense in being so serious, and we have no sense in being so gay.

We take great credit to ourselves for being joyous, cheerful, and far, and look with scorn at those who'd mar the gladness of a perfect day by putting a mournful gray. "It will not be them to lament," we say to them to lament.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

When one is bitten upon the nose, it does no good to rub the nose, he ought to smile. He ought to smile. He ought to smile. He ought to smile.

### SITE PURCHASE TO BE RUSHED

Fast Work Part of Program on State Building Deal  
County Legal Forces All Set for Action Early Today

Forestalling of Injunction Aim of Hasty Proceedings

Legal strategists in the office of County Counsel Mattoon will be ready this morning to forestall a possible injunction in the suit to restrain the county from buying the northeast corner of First and Hill streets for a State office building by having the necessary papers signed as soon as the Courthouse is open.

A treasury warrant for \$400,000 will be signed by County Treasurer Ryan as soon as it can be delivered to his office, and County Auditor Payne, if he is able to affix his name, will certify that the account is properly audited. If Auditor Payne, who was reported ill at his home yesterday, is not able to act, a deputy auditor will make the necessary check.

**PRELIMINARIES COMPLETE**  
It will be comparatively easy to consummate the purchase of the Humphreys site today, as County Counsel Mattoon's team last week drew up the sale deed and put the deal in accord with a title company, which had completed the work of searching titles preliminary to conveyance. Other necessary details, according to plans, will be attended to before the Superior Court is open and attorneys are able to apply for the temporary restraining order requested in an amended petition filed last week by Leslie Saunders, owner of a rival site, through his attorneys, McDonald & Thompson.

After the filing of this petition, Superior Judge Valentine signed an order to show cause why a restraining order should not issue, and set the case for hearing before Superior Judge Gates next Thursday.

**NO BARRIER TO ACTION**  
Meanwhile, however, no injunction is in force, and county officials are free to carry out the intentions of the County Board of Supervisors, which voted last week to buy the Humphreys site despite objections from taxpayers and Civic Center planners.

The Board of Supervisors, on motion of Chairman McCallister, last week voted to buy the Humphreys site after the Anderson suit asking for an injunction against the sale had been filed. A temporary injunction was not granted because no bond was posted.

Saunders' suit asserts that the Humphreys site is overvalued, and that the county will have to spend \$800,000 more to condemn property adjacent to the \$400,000 property.

## Of Interest to Women

### SOCIETY

Mr. and Mrs. Harold Belter Meloth entertained with a housewarming at their new home, "Olen Meloth," in Bel Air Tuesday evening, 200 guests being present.

Mrs. Meloth (Marion) is a Richmond model of yellow georgette and lace with matching slippers and hose, a string of rare old pearls and shoulder bouquet of yellow roses and lilies of the valley completing the dainty costume.

Yellow blossoms and ferns with baskets of spring flowers decorated the various rooms of the house.

Card tables were arranged and bridge was enjoyed, while the latter part of the evening was passed in dancing.

Among the hosts were Mr. and Mrs. William Rathbun Hindhaugh, Mr. and Mrs. John B. Meloth, Mr. and Mrs. Alexander Buchanan Barrett, Mr. and Mrs. Alexander H. Ardrey, Mr. and Mrs. Paul Stuart Armstrong, Mr. and Mrs. Fred L. Bronson, Mr. and Mrs. Edward Francis Bogardus, Mr. and Mrs. James L. Holmes, Mr. and Mrs. Kenneth Clark Kinsley, Mr. and Mrs. Ramsdell Stanton Leaser, Dr. and Mrs. Harold Howe Mulligan, Mr. and Mrs. Edward W. Moore, Mr. and Mrs. W. W. Moore and Dr. and Mrs. Lloyd Miller.

Mr. and Mrs. Meloth with their two children, Marion Louise and Harold Jr., are planning to accompany Mr. and Mrs. Hindhaugh (mother of Mrs. Meloth) on a two months' trip east by way of the Panama Canal.

**For Bride-Elect**  
Miss Elsie Parrish has issued invitations for a luncheon and bride at her home, 2188 Live Oak Drive, Hollywood, the 8th inst., honoring Miss Betty Helen Porter, fiancée of Horatio Seymour Jones of Redlands.

**Bride-Luncheon**  
Mrs. Charles Joseph Heyler of the Ambassador entertained with a luncheon and bride at Club Casa Del Mar last Tuesday afternoon, covers being arranged for eighteen guests, honoring Mrs. C. A. Fula, who, with her husband, is making her home at the clubhouse, and is an old friend of Mrs. Heyler's from Colorado.

**Home Bride-Elect**  
Mrs. Jesse Joel Nalve and Mrs. Samuel Major Bevis entertained on Saturday afternoon at the home of the former, 211 North Palm Drive, Beverly Hills, with a scrumptious luncheon and bride, honoring Miss Louise Brodine, whose engagement to Albert Gibbons was announced recently.

A color scheme of gold and lavender was charmingly carried out in flowers and favors and those included were Miss Brodine, Miss Guy Unkfer, Mrs. Carl Feiler, Henry Bollman, Mrs. Robert Field, Mrs. Louis Olsen, Mrs. John McNeill, Mrs. Jess Gibson, Miss Rosemary Price, Miss Eugenia Lovell and the hostesses.

**Betrothal Announcement**  
Mr. and Mrs. Philip Rutenber of Fourth Street announce the engagement of their daughter, Miss Helen Viola Rutenber, to Paul Marshall Fox, son of Mr. and Mrs. Samuel Fox of Chicago, Ill. No date is set as yet for the wedding.

**For Visitor**  
Mrs. Theron Fell, who is leaving soon for her home in Portland, Ore., was the honor guest at a beautifully appointed luncheon at the Los Angeles Athletic Club Wednesday afternoon given by the Mothers' Club of Alpha Nu chapter of Delta Gamma Sorority.

**Lovely Affairs**  
One of the loveliest affairs of the past week was the luncheon with which Mrs. Robert O. Crowe of the Biltmore entertained Wednesday at the Mary Louise with the Mothers' Club of Alpha Nu chapter of Delta Gamma Sorority.

The long table, laid in the main dining-room, was adorned with bowls of spring flowers in a riot of colors. Baitin streamers, pastel shades connected the bows, and tall tapers completed the artistic picture. The guests all were officially connected with the supreme session of the Daughters of the Nile, then convening in Los Angeles, and included besides Mrs. Northwick, Mrs. Helen Cramer of Buffalo, N. Y., Mrs. Laura M. Greger of Butte, Mont., Mrs. Katherine Rinta of Chicago, Mrs. Lewis K. West of Seattle, Mrs. Winifred Holt of Portland, Mrs. Leta Ramapo Phelps of Seattle, Mrs. Horace Warner, Mrs. Charles Gault, Mrs. Bert Tazewell, Mrs. Mary Belle Gunther, Mrs. Elizabeth Trebble and Mrs. James Jeffrey.

**Engagement Announced**  
Coming as a complete surprise to their many friends was the announcement of the engagement of Miss Thelma Welser, daughter of Mrs. Bertha Welser of 1864 Canyon Drive, to Samuel Goldberg, a young Jewish lawyer, who is being planned in honor of Miss Welser before the wedding. The date, however, has not yet been decided upon, but will be an event of the early fall after the return of Mrs. Welser, who is visiting with relatives and friends in the East.

**Betrothal Luncheon**  
Among the interesting affairs of last week was the luncheon Friday afternoon at the Wilshire Beverly, with which Mrs. John H. Beverly, 2114 Roberts Drive, Beverly Hills, entertained in honor of Miss Jane Diana Walters, the occasion serving formally to announce the betrothal of the honor guest to Howard Blake, the wedding to be an event of this week.

Mrs. J. Edward Haley and her attractive daughter, Miss Margaret Browning Clark, have returned home after an extended visit in the mountains of Colorado, where they went for Miss Clark to recuperate after a serious illness and operation.

**Men Rave Over Girls With "IT"**  
Get "It" With This New Face Powder

Why not be the most popular girl in your set? Pussylow, the marvelous new personality powder, will help you individually become strikingly captivating, different. Gives an adorable peachblow effect that makes you simply ravishing! Pussylow doesn't even show as powder. But it endows your person with an exotic fragrance that is bewitching! Blonde or brunette, you can find your perfect skin-tone, and white, at all toilet goods counters.

### HEALTH AND BEAUTY ADVICE

By Dr. Frank Mc Coy  
author of "The First Year for Mothers"

Dr. McCoy will answer personal questions on health and diet, addressed to him care of the Los Angeles Times. Inquiries stamped, addressed envelopes for reply.

**SNUFFLES AND ADENOIDIS**  
Adenoids are a common affection of children between the ages of 5 and 10 years. At least 10 per cent of these children are estimated to have enlarged adenoids. Adenoids are really an overgrowth of the adenoid tissue in the pharynx. This is really lymphatic tissue similar to the tonsils. It is only when this tissue becomes enlarged that it may be considered dangerous to the child's health.

There is usually also an enlargement of other lymph glands and the tonsils. Adenoids may seriously affect the body growth, the metabolism, and facial expression of a child. Almost all children having snuffles are really troubled with enlarged adenoids.

The most notable thing about adenoids is mouth breathing, which sometimes causes a deformed chest, stunted facial expression, stunting of growth, and even deafness. Sleep is disturbed and usually accompanied by loud snoring breathing and nightmares.

When adenoids are present, the child will usually be troubled with other disorders of the respiratory tract, more especially bronchitis. Often children are accused of being stupid or cross when they are simply troubled with adenoids.

The teeth are sometimes greatly misshapen because the bony framework does not form properly. Pigeon breast, barrel chest, or funnel chest are three types of deformity frequently affecting the chest of the mouth-breather who has adenoids.

There are two ways in which the body may be injured when these growths occur. Either from poisonous toxins caused by their infection, or from mechanical interference of the air passage from the nose. Children with adenoids are often unable to blow the nose. The voice becomes hoarse and muffled and there is often a loss of sense of smell.

When the adenoids become infected, the inflammation may spread to the inner ear and cause deafness. The skin usually is pale and anemic. The adenoids cause a configuration by broadening the root of the nose and causing the teeth of the upper jaw to stick out. And the roof of the mouth to become flattened and highly arched. Often the teeth do not meet together properly.

The treatment for adenoids should not be delayed once the diagnosis is made, as they not only endanger the child's health but may lead to almost incurable malformations of the jaws, palate, nose and face. An examination for adenoids should be made whenever the child shows any symptoms, such as mouth breathing, deafness, stupid expression.

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

### COFFEE WITH RECIPES

Thinly chop one medium-sized onion, and one green pepper, removing the seeds and veins, place two tablespoonsful of butter in a saucepan, add the onion and green pepper and allow to simmer for ten minutes. Add one tablespoonful of oil, and one pound of summer squash, cut in even sized pieces; cook until the vegetables are tender, shaking the pan occasionally, then add four peeled ripe tomatoes cut in even sized pieces. A seasoning of salt, a few grains of cayenne pepper, and paprika, let simmer for five minutes, add one tablespoonful of chopped parsley, and serve in a hot dish.

**SHRIMP AND ASPARAGUS SALAD**  
Rub a cold bowl with a crushed clove of garlic, place in it two cups of cold cooked asparagus tips, two cups of cold peeled, and chopped shrimp, four tablespoonfuls of chopped capers, one small green pepper, chopped, one pimiento, chopped, and half a dozen ripe olives chopped, marinate with two-thirds of a cupful of French dressing, let stand in a cold place for thirty minutes, drain and mound on lettuce covered plates. Garnish with mayonnaise and chopped hard-boiled eggs.

**FRUIT SOUP**  
Place in a saucepan four cups of cold water, six whole cloves, a three-inch stick of cinnamon, the sliced peel of one orange, and the thinly sliced peel of one lemon and two blanched almonds. Let stand for one hour, bring to a boil, pour for fifteen minutes and strain into a saucepan; add one cupful more of water, and one-half cup of quick cooking tapioca, stir and cook until clear; add four tablespoonfuls of sugar, one-half a teaspoonful of salt and two cups of cherry, strawberry or any other fruit juice; heat and serve in cups.

**STUFFED STEAK**  
Take a one-inch thick slice of round steak, place on a board, sprinkle over one cupful of dry bread crumbs that have been mixed with one cupful of chopped steak, one small onion chopped fine, a seasoning of salt and paprika, roll tight, and tie with a string; melt half a cupful of chopped beef suet in a thick iron pot, roll the steak in flour, place in the pot, and turn until browned on all sides; add a cupful of boiling water, cover the pot tightly, and simmer for three hours, remove the steak to a hot platter, add two tablespoonfuls of butter, and one-half cup of hot water, and let stand for five minutes, then add half a cupful of chili sauce and pour over the steak.

**Household Suggestions**  
A cheerful note  
If the sick room must be kept fairly dark, have a vase of cheerful flowers in a position so that the patient can enjoy them instead of the sunlight.

**Shower Bath Curtains**  
The canvas curtains on the shower will get soiled in time and need a bath. To fasten the pins holding the curtain, take it down and scrub with a stiff brush and laundry soap. Soap well and put it in the boiler with plenty of suds and wash for half an hour. Rinse well and hang without wringing in the direct sunlight. It will bleach a beautiful white.

**In the Housekeeper's Note Book**  
A paste of lemon juice and whitening is a splendid cleanser for some handles of knives.

**Five Pianists to Vie in Contest Tonight**  
Five young pianists on Saturday emerged from an elimination contest field of thirty-six, to contest in final tonight at Philharmonic Auditorium for a Hardman grand piano valued at \$1975. The piano-playing elimination contest was conducted by the Music Committee of the City of Los Angeles.

**Visiting Brother**  
Mrs. A. K. Rodgers of Topeka, Kan., is enjoying a delightful visit in the Southland with her brother, Charles H. Dick, at his home, 2101 Bonello avenue. Mrs. Rodgers is a prominent club woman in her home town and is being extensively entertained by many friends here. Her son, George Dick Rodgers, is a prominent attorney here.

**Betting Duty Tickets Sold in England**  
Betting duty tickets sold in England last year totaled \$1,285,450.

### YOUR BABY AND MINE

Mrs. Midred will be glad to answer all questions pertaining to babies and children, and to give advice on diet, clothing, and other matters. Write to her care of the Los Angeles Times.

**FEEDING LEAFLET HAS BEEN ISSUED**  
Mrs. W. S. A. writes: "I secured one of your feeding leaflets when baby was 2 weeks old and have used it ever since with excellent results. Baby was nine months and ten ounces at birth, and now at 14 months weighs twenty-seven pounds. He has fourteen teeth, walked at 1 year and 1 month, and is now a very healthy child. I credit this to his feeding."

**QUESTIONS AND ANSWERS**  
Suffers With Limbs  
Question: Mrs. P. writes: "I am 33 years of age, general health fairly good, and I use an abundance of fresh fruits and vegetables. I have no scalp disease, such as dandruff, but my hair is coming out very fast, having already one small bald spot. What is your advice?"

Answer: If the loss of your hair is not due to some glandular deficiency you should be able to prevent further loss by a daily massage of the scalp to increase the circulation. Ultraviolet light treatments may be helpful.

**POPCORN**  
Question: Mrs. W. M. asks: "What do you think of popcorn as a food, and with what other foods should it be eaten?"

Answer: Popcorn is a form of starch which is easily digested when it is cooked in the usual way, that is, by heating the popcorn until it pops open, splitting the kernel and exploding the starch cells. It should be used as the principal starch part of a meal, and may be seasoned with butter and salt. Use with the nonstarches, but not protein.

**FALLING HAIR**  
Question: P. F. writes: "I am 23 years of age, general health fairly good, and I use an abundance of fresh fruits and vegetables. I have no scalp disease, such as dandruff, but my hair is coming out very fast, having already one small bald spot. What is your advice?"

Answer: If the loss of your hair is not due to some glandular deficiency you should be able to prevent further loss by a daily massage of the scalp to increase the circulation. Ultraviolet light treatments may be helpful.

### SHRINERS FILL AIR PROGRAMS

Bands and Chanters Will Give Broadcasts

Special Events Scheduled in Many Studios

Pageant on Thursday Will Go Out on Ether

BY DR. RALPH L. POWER  
Shriners, more or less, takes charge of radio today and tomorrow and the rest of the week. A score and more of the chanters and bands will be heard from some of the local studios.

During the 1928 convention in Los Angeles, "Uncle John" Daggett ran the Shriners radio marathon for 136 consecutive hours. In this time more than 10,000 people visited the studio and even crowds of 250 persons at 3 a. m. were not unknown. There were three shifts of announcers and operators and the programs were made out well in advance.

**RECORD NEVER EQUALLED**  
In looking over the report of that time, I find that the staff derived quite a kick out of the radio marathon. They were finally all over, they said, "Never again," for it was a grueling grind.

So there will be no broadcast marathon this time. But various stations will co-operate in turning their studios over to different groups at stated times.

Visiting Shriners, by the way, will not find KJL at its old stamping ground. The Times. The newspaper sold the station to Don Lee sixteen months ago.

**NEW KJL LOCATION**  
The new station and studios are located in the Don Lee Building, at Seventeenth and Hill streets, where three elaborately equipped studios and modern technical quarters make the radio plant the finest in California.

KJL, the Don Lee station, will present Miriam Band of Pittsburgh at 3 p. m. today and the Sioux City Chanters at 10 a. m.

KJL, Beverly Hills, will play the Aloha Shrine Band of Honolulu during the 9:30 to 10:30 hour this evening, while KFDV, Culver City, will broadcast the Medinah Temple Band of Chicago, 110 members, on its 8 to 9 p. m. schedule.

KJL's part will be to carry the program of Cincinnati's Syrian Band, 3 a. m. to 4 a. m. of the Shrine of Sacramento at 7:30, and Zags and Zigs Band and Chanters of Des Moines at 10 p. m. today. Tomorrow they will have Mohammed Temple Trumple of Peoria and the Moolah Chanters of St. Louis, at 4 p. m.

**PAGEANT ON AIR, TOO**  
KJL will broadcast Ben All Band, Sacramento, and Moolah Chanters and band, St. Louis, at 9 p. m. tonight and Oasis Band from Chicago, Va., at 10 p. m. tomorrow group again tomorrow from 9 to 10 p. m.

KFWB, from 9 to 10 tonight, will carry a special Shrine program, the details of which, however, were not available yesterday.

The monster Shrine electrical pageant from the Coliseum Thursday night will be sent out to all listeners from 7:30 to 8:30 p. m. according to announcement yesterday from Norman H. Marshall, general manager of the station.

**FREIGHT CAR STUDIO FOR SHRINE BANDS**  
ST. PAUL (Minn.) June 2. (AP)—A freight car broadcasting studio is accompanying the musical caravan of St. Paul Shriners, on a three-day tour of the West, heading for the 1928 convention in Los Angeles and giving concerts at important cities en route.

The caravan has two bands— one the "oriental" program by remote control are to be broadcast through stations at Kansas City, Topeka, Kan.; Wichita, Kan.; Denver, Colo.; Salt Lake City, Utah; San Antonio, Tex.; El Paso, Tex.; Los Angeles, San Francisco, Portland, Seattle, Spokane, Helena, Mont.; Billings, Mont., and Fargo, N. D. The car was equipped by engineers from KJL.

### May G. Love Funeral Set for Today

Inglewood Park Cemetery today will receive the body of Mrs. May G. Love, to whom death came unexpectedly Memorial Day while she was on her way to attend a convention. Mrs. Love was seized with a heart attack a few moments after her husband had departed for his place of business. Arriving at his office he was notified by phone of the death.

The last rites will be conducted at 2:30 o'clock this afternoon at the Inglewood Park cemetery. Mrs. Love had been a member for many years.

Besides her husband, Garland A. Love, she leaves a daughter, Mrs. Nadine Logan, and four sons— Walter, Fred, Edward and Raymond.

**WIDENING PLANNED**  
On recommendation of his Street Opening and Widening Committee the City Council has instructed the City Engineer to issue a petition for the opening and extending of Leechwood Drive to a width of thirty-six feet from Hollywood Boulevard north to the second angle north of Franklin avenue.

**"TIMES" ELECTION SERVICE**  
In accordance with its custom, The Times will make known the returns from Tuesday's municipal election by radio, from Station KJL, the Don Lee station, by special street editions and by telephone to all who call Tuesday night. First returns will be available probably about 7:30 and will be broadcast at frequent intervals as long as the results remain in doubt.

### Bankrupt Case Sentence Set

After several months of difficulties with the government, Ray W. Taylor, former head of a cleaning and dyeing establishment in Los Angeles, is scheduled to appear tomorrow before United States District Judge Henning for sentence. Taylor pleaded guilty to a charge of concealing assets of a bankrupt concern.

His wife, Ora I. Taylor, and Clyde E. Marshall were indicted for concealing Taylor from the process of the court. The charges against them have been dismissed.

The Irish Kennel Club's recent show at Dublin had 1000 entries.

### Council Sent to Co-operate Improvements

The City Council today took report of its Public Works Committee which recommended that the city should be requested to co-operate with the private industry in the improvement of the city's water supply.

The City Council today took report of its Public Works Committee which recommended that the city should be requested to co-operate with the private industry in the improvement of the city's water supply.

MONDAY MORNING:  
CHAMBER GROUP  
N VOTES DRIVE  
Start Today on Hunt  
for Electors  
Campaign Centered in Large  
Industries  
Mail and Personal  
Contact Used  
on its campaign to bring  
the register and vote  
of the Junior Chamber  
with Byron F. Story  
will conduct an in-  
campaign today preceding  
election tomorrow. President  
Story has emphasized  
importance of this work and  
emphasizing with this commit-  
ment, he holds to be one of  
most important in the Junior  
Chamber.  
The message of vote  
and women of Los An-  
geles, posters, direct by mail  
personal contact methods have  
been used. "We feel  
that the number of voters  
reached through the large  
and industrial houses,  
and it is here we have  
our best chance, but vote."  
to the slogan the Junior  
Chamber has adopted. Last year  
of this organization cam-  
paign a more active campaign  
than the school-children than  
the committee mem-  
bers that the rank and file  
and business is the sar-  
dine efforts. "It is here  
our best chance, but vote," said  
Story.

ney of the Municipal Court to Lloyd S. Nix, City Prosecutor, in reply to a letter from Mr. Nix recommending dismissal by the court of the cases of certain defendants in the Julian usury cases on a money compromise basis.

**CANDIDATES HOODED**  
Then faculty members took posts on slightly elevated platforms and the candidates filed out of the stands, stood before their teachers and the scarves were placed about their shoulders, while the band played "Onward, Christian Soldiers."

**MUSICIANS GRADUATE**  
The graduating seniors in the college of music, assisted by the University of Southern California Orchestra under the direction of Alexander Stewart, the capella chorus from the public school music department, directed by Dr. Arnold H. Wagner, and by Miss Arlowyn Hohn, soprano, and Miss Mary Jane Mayhew, harpist, will give a program including piano, violin, organ, vocal, orchestral and choral selections.

**CASE NATIONAL SCANDAL**  
The Julian case is a national scandal. It has been attended by graft, bribery, corruption to an unparalleled degree. It has been a horrible tangled web of many instances. It is a matter of common knowledge that many of the worst offenders never were proceeded against in any way.

**WHAT ABOUT PICKPOCKETS?**  
If promises to drop the charges were made and you wished to be bound, of course, it is up to your hands whether to file complaints. Now that you have brought these cases into court, no reason occurs to me why the court should dismiss them or money terms.

**WHY REPLY IS PUBLISHED**  
But your letter to me has been made public and if I remained silent the people might think I favored freeing these defendants on a money-compromise basis. I will not remain silent and by silence invite such belief.

**CITY BUREAU FILES ITS ANNUAL REPORT**  
The eighteenth and nineteenth annual reports of the Board of Public Utilities and Transportation, covering the period from July 1, 1938, to June 30, 1939, as required under the City Charter, have been compiled in pamphlet form and presented to Mayor Oryer.

**Dr. Citron Due to Face Court**  
Dr. I. Jesse Citron, Hollywood physician, is to appear today before United States District Judge Jumps to have his case on a charge of violation of the Harrison Narcotic Act set for trial.

**Co-operative manufacture of electrical equipment is being considered in Sweden.**

## CITY ELECTION AT ALHAMBRA

Important Officials to be Chosen Tuesday

Four Propositions Submitted to Voters

Keen Interest Shown in All Contests

ALHAMBRA, June 2.—Alhambra voters will elect two City Commissioners, a City Attorney and a member of the Board of Education at the municipal election Tuesday. They will also decide a referendum on the use of \$175,000 received from the sale of the city's interest in the city farm and a bond issue of \$100,000 for water system improvements.

Keen interest is being shown in the race between Charles Campbell and L. R. Hildbrand for president of the City Commission. Campbell is the incumbent, having served in this capacity since February, 1926. Both Hildbrand and Campbell have conducted spirited campaigns.

The place on the Board of Education is being contested by Mrs. E. G. Hartig, incumbent, and Fred H. Herman. Parent-teacher groups are active in support of Mrs. Hartig. Herman is secretary of the Alhambra lodge of Elks.

A campaign for the water bond issue has been conducted by a citizens' committee headed by Val Woodbury, former Chamber of Commerce president, aided by service clubs and other organizations.

Four propositions will be submitted to the voters on the question of the use of the money derived from the farm sale. The two main proposals are for the payment of old bond issues and the acquisition of a park and drive center. The other two propositions are combinations of the former suggestions. No definite site for a park or drive center is mentioned on the ballot.

## AMATEUR BIRDMEN TRY OUT GLIDERS

RECONDON BEACH, June 2.—The first flights of the newly organized glider club were successfully made this morning at the Hollywood Riviera Air Field.

The club has made for itself two planes, a stationary type to be used in preliminary practice, and a full-fledged glider for use after each member has become proficient enough to try it. About twenty were qualified to take the air trip this morning.

## FINAL DRILL FOR COLLEGE CADETS

CLAREMONT, June 2.—The final drill of the year for the Pomona College R.O.T.C. will be held on Alumni Field tomorrow afternoon, beginning at 10 o'clock.

Members of the senior class will be presented by President Charles Keyser Edmunds. The presentation will be preceded by a parade with band and followed by the annual contest for the best drilled cadet for the Chamber of Commerce cup.

## FINAL ORCHESTRA RECITAL

ONTARIO, June 2.—Mrs. Grace O. Mable, well-known Southern California pianist, is to be one of the featured soloists at the final concert played by Chaffey Little Symphony Orchestra at Chaffey Auditorium, the 18th inst. Fred W. H. director announced today.

## FIRE STATION WANTED

UNIVERSAL CITY, June 2.—It is planned to erect a fire station on Calhoun avenue, near the intersection of Duff Canyon, a district said to be badly in need of better protection against fires. The new station will serve Hollywood-Riviera Universal City area and has been petitioned to find funds for the site and building.

## CHURCH DEDICATED

MAONOLIA PARK, June 2.—The new Community Church here, just completed at a cost of \$50,000, was dedicated today by Bishop Charles Wesley Burns and other prominent church officials and laymen. The pastor is Rev. C. T. Harrison, whose work is responsible for the new edifice. Several hundred members of the congregation took part in the exercises, which consisted of a service, sermon and song program.

## HAND BILL NUISANCE

CLAREMONT, June 2.—The Claremont City Council has authorized City Attorney Allan to prepare a suitable ordinance which will make it impossible for anyone to circulate hand bills or advertisements in the city of Claremont. It is expected that action will be taken on the matter at the regular meeting Tuesday night.

## GIRL BREAKS COLLARBONE

NORTH HOLLYWOOD, June 2.—While riding on Mulholland highway, near here, Miss Alice Whelan, 16, was thrown from her horse to the pavement. She suffered a broken collarbone and other injuries. Miss Whelan was taken to the local Emergency Hospital and then to her home, following the accident.

## SHORTER ROAD PLANNED

Tunnel Proposed on Maricopa-Ventura Highway Near Summit of Pine Mountain

VENTURA, June 2.—The county engineer's field force working on the Maricopa-Ventura road is now making a survey to shorten the highway two miles by boring a tunnel 150 feet under the summit of Pine Mountain at an elevation of 8000 feet, according to County Engineer Charles Pett, who will make the plans for the tunnel before the meeting of the tri-county board.

If the plan is accepted, it will be one of the next contracts let by the board. Pett feels that the plan is feasible, as it will not only cut off two miles of mountain highway but will shorten and straighten the route. The total estimate will be about \$20,000. A lower estimate than the cost of the alternate road over the summit.

The tunnel would be cut through solid rock, and would eliminate the steepest grade on the entire highway. Preliminary surveys for the proposed tunnel have already been run by Bert Calvert, contractor, working on the first unit of the highway, has submitted a preliminary estimate of \$40,000 for the work. Calvert spent some time this last week in Ventura going over the tunnel proposition with the engineer.

Tentative plans for the tunnel call for a bore twenty-one feet wide at the base and twenty feet high, of sufficient width to allow cars to pass and of sufficient height to allow for any truck load. The proposed dimensions are comparable to those of the Hill-street and Elmore tunnels in Los Angeles.

Thousands See Child Parade at Ocean Park

OCEAN PARK, June 2.—Thousands of out-of-town visitors joined the throngs that witnessed the tenth annual children's floral parade at Ocean Park today. More than 100 miniature floats designed by the children took part in the mile-long parade.

Special awards were given the prize winners in more than a score of divisions. The parade was led by Betty Jean Graham, who was garbed as a drum major. Among the prize-winning floats and costumes were those designed by Milton Flores, which was called "Champion Butterfly"; "The Spirit of Flowers," by Meredith Murrell; "The Fairy Queen," by Doris Berling, and a group setting by Richard Rags, Austin Elliot and Margaret Welch.

The competition for the float design was keenly contested. Much attention and fifteen entries were in this event. The prize was won by Marion and Elizabeth Caracinos. The children's parade is sponsored by the Ocean Park Business Men's Association and practically every merchant in the community entered.

## VACATION SCHOOL FOR BIBLE STUDY

ONTARIO, June 2.—Churches of Ontario will unite in conducting a daily vacation Bible school this week, from June 3 to June 7, at the Ontario Christian Church, 11th and Broadway.

The school opens on the 17th inst. out the Ontario Christian Church, 11th and Broadway, in charge, Robt. Dunham, in charge. Youngsters of the community will proclaim the vacation Bible school with a noisy parade. Flag Day, the 14th inst. They will be provided with all manner of noise-making devices and aqueducts, and will parade through the business and residential districts.

## NEW MINISTER IN INGLEWOOD BAPTIST

INGLEWOOD, June 2.—Rev. Harold E. Knott, professor of homiletics at the Eugene Bible University at Eugene, Or., has been secured by the Inglewood Heights Christian Church of this city to supply the pulpit during the summer months. He will assume his new duties Sunday, it was announced from the pulpit today.

Rev. Knott is well known throughout the Northwest and is considered one of the leading divines in the denomination in Oregon. The Inglewood Heights Christian Church is located at 1187 Hyde Park Boulevard. As a result of a recent revival the membership has been materially increased.

## COLLEGE MEN CHOSE MOST USEFUL STUDENT

REDLANDS, June 2.—Belden Davis has been voted by the students of the University of Redlands as having given the greatest service to his alma mater during the year. Davis was student-body president, athlete and interested in the play. Roy McCall was voted second by the students, with James Fox third, John Akeley fourth and Edwin Eby fifth.

## WOMEN CIRCULATE PETITION FOR PARK

CLAREMONT, June 2.—First action has been taken here by the Women's Club of Claremont looking toward securing a new park for this city, to be named Patton Park after Herbert Patton, pioneer Claremont resident and former principal of the public schools here. Petitions for the park are being circulated by the club.

## UNIQUE FIER AT BEACH

NEWPORT BEACH, June 2.—A unique and rapidly nearing completion today on the new thirty-foot pier being constructed by Smith Brothers Hardware store. The pier is one of the most unique in the harbor district. It is set on a pile of steel rails. A gangplank leading down to the pier, which will be placed at the end of the pier, is being constructed and the pier is yet to be put in place. It is said that Smith Brothers have leased one of the slips at the end of the pier to a speed boat operator who will maintain a fleet of speed boats here this summer.

## NEW OFFICERS FOR EAGLES

SOUTH GATE, June 2.—New officers of the Eagles lodge here are to be installed the first week in June. F. O. Walker being the newly elected president; Charles Killman, vice-president; William Buckley, chaplain; A. W. Mueller, secretary; C. C. Woodhill, treasurer; Charles Thompson, treasurer; W. W. Moom, outside guard; E. Fuller and K. C. Bryant, trustees.

## RANGER ADDRESSES CLUB

HERMOSA BEACH, June 2.—Warren T. Murphy, junior forester of the Angeles National Forest, will speak before the Kiwanis Club at the noon luncheon tomorrow. His talk will be centered upon the dangers of denudation of the forests by forest fires and other causes and the effect of this loss on economic resources and water supply.

## ANAHEIM EXHIBIT FINISHED

Large Crowd Present at Closing of Ninth Annual Orange Show

PASADENA, June 2.—Joseph P. Howe, president of the Pasadena Hospital Association, and Mrs. Howe, who is also active in local philanthropic work, left yesterday on the morning big-game hunting expedition which will take them through the African jungles.

They will stop over in Montreal, Can., where they will visit the Canadian Club of Africa, and then on to the Hotel Huntington in New York for Genoa. Mr. Howe will be accompanied by George Pratt, national treasurer of the Boy Scouts of America, regarding the Pasadena-San Gabriel Valley Council of the Scouts, of which he is president.

At a final gesture before leaving Robinson Gruesse and his man Friday to slip back into the pages of fiction, the manager of the annual championship packing contest.

Jeale Whidden of Fullerton was awarded the cup and \$100, emblematic of his victory over seventeen other packing contestants. Edna Nagle of Anaheim was given second honors. The awards were made in the presence of one of the best of the season.

While no total attendance figures were available today, indications are that it will be satisfactory, officials of the show declare.

## Town of Zelzah Takes New Name

ZELZAH, June 2.—Zelzah is no more the name of this town in the San Fernando Valley. It is now to be known as North Los Angeles, the sudden change of name taking place apparently without a "tip" from opposing groups.

Not long ago the local Chamber of Commerce reorganized, taking the name of the North Los Angeles Chamber of Commerce. Now it is stated that word has been received from Washington, D. C., announcing that the official postal name of the place will be North Los Angeles after July 1.

About a year or so ago, Lankershim, another valley town, took the name of North Hollywood. It has been proposed to rename Van Nuys Northwest Los Angeles, but without effect. Much opposition has developed against the idea. Purely sentimental reasons are cited to the old pioneer names in the valley.

Best posted residents say that Los Angeles and Hollywood are "holding over" into the valley so fast, that within a few years all this area will be known either as Hollywood or Los Angeles.

## DISCOVER LONG-FORGOTTEN GIFT

SANTA BARBARA, June 2.—With the recent discovery that fifty acres adjacent to Point Sal, southeast of Guadalupe, is owned by the State extensive plans to develop the beach property for a camping site and park for residents of the northern part of the county and San Joaquin Valley are being made, according to farm advisers. The property was deeded to the State nearly a half-century ago but the gift was forgotten because of the isolated location of the property. The discovery that the State owned the property was made by County Assessor Charles Tomlinson. Woodbridge McNeil, State Forester, was sent to look over the property.

## PUBLICITY DIRECTOR GOES TO CHINA

CLAREMONT, June 1.—Miss Gracia Sharp, director of publicity at Pomona College, today received appointment as assistant to the president of Gilling College, Nanjing, China. Miss Sharp has resigned her work here to take effect at the end of July. She will sail for China from San Francisco early in August to spend three years in the Orient.

## RAMONA PASTOR RESIGNS PULPIT

ALHAMBRA, June 2.—Rev. R. Ernest Lamb, for the past six years associated with the Ramona Park Community Church, has resigned and on August 1, next, will become pastor of the First Presbyterian Church of Los Angeles. He will preach his last sermon here on July 21.

## AVIATION RETURNS FROM MIMIC WAR

REDLANDS, June 2.—Lieut. Bill Kingsbury, son of Mrs. Alice Kingsbury of this city, has arrived home from Columbus, where he was with the Eleventh Bombing Squadron, which took part in the air maneuvers over Columbus, Dayton and Cincinnati.

## GIRLS' LEAGUE ELECTIONS

HUNTINGTON PARK, June 2.—The Huntington Park Union High School Girls' League has elected Mabel Hachman president for the first half of the new school year, which begins in September. Mary Elmer West will be vice-president, Ruth Gilmore secretary and Maxine Hahn treasurer.

## FONTANA'S SIXTEENTH BIRTHDAY

Thriving Community Invites the World to Join in Big Celebration

FONTANA, June 2.—This city is ready for the biggest celebration in its history—a three-day fiesta and community circus to mark its sixteenth birthday, beginning the 7th inst. Hitherto, the celebrations have been strictly for the home folks, but this year the community invites everybody, strangers and all, to participate in the fun.

Sixteen years ago Fontana was founded, and on June 7, 1913, declared a general holiday, and with a fiesta celebrated the completion of a dairy packing-house and Fontana's first school.

Progress in Fontana has been accomplished and financed by community effort—a \$30,000 Women's clubhouse, Boy Scouts' Home, district clubhouse and a fire department with its home and apparatus.

Now, in 1929, the sixteenth birthday fiesta is for the benefit of the new \$20,000 community plant, the event being sponsored by the Fontana Chamber of Commerce.

The main feature of the event is the queen coronation, in which Fontana local girls are competing for the crown and title of Queen of Fontana. The greatest number of votes secured from their friends will determine the winner.

A community circus will be in operation for the three days of the fiesta. The first day will be American Legion day; the second, the day of the coronation and the presentation of the crown and queen's title to the contest winner, and the final day, Saturday, the 8th inst., all will be a general big day and night for all with many big features and celebrities being presented to those who attend.

This is wholly a community event, sponsored and made real by local people, and is considered an accomplishment for a community of less than 7000 persons.

## City Insists on Improved Car Service

PASADENA, June 2.—Urging that an order be issued requiring the Pacific Electric Company to speed up its service between this city and Los Angeles, Deputy City Attorney Dieter has filed Pasadena's brief with the State Railroad Commission. It was learned today.

According to the brief filed by Dieter, the \$405,353 loss which the Pacific Electric Company reports for 1928, could have been reduced materially as far as the Oak Knoll and Silver Line routes are concerned. Improvements recommended last year by engineers of the State Railroad Commission had been put into effect and the speed of trains increased, thus increasing passenger volume.

Pasadena contends that poor service is being rendered by the company's lines and that the railroad has within its power, by carrying out recommendations made last year by E. P. McLaughlin, assistant engineer of the State Commission, to win increased patronage of the traveling public despite automobile competition.

The city petitions also in its brief that the State Railroad Commission require the Pacific Electric Company to keep its books in such manner that its revenue, expense and taxes be allocated to the various classes of service, such as passenger, freight and local, instead of being placed under general headings.

## "SPUD" EXPERTS TO LECTURE IN FIELD

REHESDA, June 2.—The growing of "spuds" in San Fernando Valley is not all that it should be, experts assert, and there is going to be a meeting the 5th inst. near Zelzah in this district, to find out all the why's and wherefore's. The meeting will be held in a field of potatoes owned by M. R. Reese and various Irish potato experts will be on hand to discuss all factors, good and bad.

## SADDLE CLUB TAKES OVER VALLEY ESTATES

VAN NUYS, June 2.—The beautiful four-and-one-half-acre estate on Van Nuys Boulevard, including the largest home dwelling in this section, has been sold to the Van Nuys Saddle Club, it is announced by E. W. Spaulding, owner of the property. The estate, it is said, is valued at \$10,000. It is understood that members of the club will expend \$85,000 more in further beautifying the place to make it one of the most attractive of the valley in this part of San Fernando Valley. The Saddle Club, which recently was organized, is said to have 100 members.

## WELTS TO COMMAND VALLEY FIRE AREA

VAN NUYS, June 2.—Battalion Fire Chief R. H. Welts, now stationed at San Pedro, is scheduled to take command of the San Fernando Valley Division of the Los Angeles Fire Department, to succeed Battalion Chief Otto Schmucker, who has just retired after twenty years of service. Welts was due to take up his new duties today, but he is in the Georgetown Hospital following an auto accident of several days ago. Schmucker is planning to leave here on a long vacation.

## CREAM HIGHER IN SAN DIEGO

Wholesale Price Southern City

Consumer Not Allowed to Rise in Price

Los Angeles Rates Guide by Dairy

SAN DIEGO, June 2.—The price of milk, cream, butter and other dairy products in San Diego has risen sharply since the price of milk in Los Angeles was raised from 14 to 16 cents a quart, according to the San Diego Dairy Association.

The price of milk, which was raised from 14 to 16 cents a quart, is now 16 cents a quart, and the price of cream is 16 cents a quart. The price of butter is 16 cents a pound, and the price of other dairy products is also higher.

## Stockholders Vote to Sell Hotel

ALHAMBRA, June 2.—The stockholders of the Alhambra Hotel voted to sell the hotel to the Alhambra Hotel Company.

The stockholders of the Alhambra Hotel voted to sell the hotel to the Alhambra Hotel Company. The vote was taken at a meeting of the stockholders held at the hotel.

## Dedicate New Church

HUNTINGTON PARK, June 2.—The new convention hall and church building at Huntington Park was dedicated today.

The new convention hall and church building at Huntington Park was dedicated today. The dedication was held at the new building, which was designed by the architect.

## MODEL AIRCRAFT IN CONTEST

UPLAND, June 2.—The Upland Model Aircraft Contest was held today at the Upland Air Club.

The Upland Model Aircraft Contest was held today at the Upland Air Club. The contest was won by the Upland Air Club, which was the first time in the history of the contest.

## UPPLAND AIR CLUB

UPPLAND, June 2.—The Upland Air Club was organized today.

The Upland Air Club was organized today. The club was organized to promote the sport of model aircraft flying in the Upland area.

## MRS. CHRISMAN'S FUNERAL TODAY

RECONDON BEACH, June 2.—Funeral services for Mrs. Rachel M. Chrisman, 83 years of age, pioneer resident of this place, who died at her home at 233 South Broadway on Friday afternoon, will be held from the Cate funeral chapel at 2:30 tomorrow, and interment will be in Inglewood Cemetery.

The death of Mrs. Chrisman marks the passing of another early day resident of this place prominently identified with the city's affairs. She is survived by a son, C. A. Chrisman of San Francisco, a daughter, Mrs. Harry Cushman of Redondo, and a grand-daughter, Ruth Chrisman Arens of New York City.

## WELTS TO COMMAND VALLEY FIRE AREA

VAN NUYS, June 2.—Battalion Fire Chief R. H. Welts, now stationed at San Pedro, is scheduled to take command of the San Fernando Valley Division of the Los Angeles Fire Department, to succeed Battalion Chief Otto Schmucker, who has just retired after twenty years of service. Welts was due to take up his new duties today, but he is in the Georgetown Hospital following an auto accident of several days ago. Schmucker is planning to leave here on a long vacation.

## GIRLS' LEAGUE ELECTIONS

HUNTINGTON PARK, June 2.—The Huntington Park Union High School Girls' League has elected Mabel Hachman president for the first half of the new school year, which begins in September. Mary Elmer West will be vice-president, Ruth Gilmore secretary and Maxine Hahn treasurer.

## AVIATION RETURNS FROM MIMIC WAR

REDLANDS, June 2.—Lieut. Bill Kingsbury, son of Mrs. Alice Kingsbury of this city, has arrived home from Columbus, where he was with the Eleventh Bombing Squadron, which took part in the air maneuvers over Columbus, Dayton and Cincinnati.

System's Usefulness  
Thorough Survey  
Speed Regulations  
Clear Interpretation

**CREAM HIGHER IN SAN DIEGO**  
Wholesale Price Soars  
Southern City  
Consumer Not Affected  
Rise in Price

**San Diego, June 2.**—The price of cream has risen sharply in this city, according to reports from the wholesale market. The increase is due to a shortage of cream in the city, which has been caused by a strike of the creamery workers. The price of cream has risen from 14 to 16 cents per pound. The increase is not expected to affect the price of cream sold to consumers, as the city's supply is sufficient to meet the demand.

**Stockholders Vote to Sell Hotel Property**  
ALHAMBRA, June 2.—The stockholders of the Alhambra Hotel have voted to sell the property. The vote was taken at a meeting of the stockholders, which was held at the hotel. The vote was 100 to 0 in favor of selling the property.

**Dedicate New Church**  
MOUNTAIN PARK, June 2.—The new church at Mountain Park was dedicated today. The church is a large, modern building, which was designed by the architect, John H. Hirsch. The church is located on a hill, and has a view of the city. The dedication was held in the evening, and was attended by a large number of people. The church is now open for worship.

**MODEL AIRCRAFT IN COMPETITION**  
UPLAND, June 2.—The annual model aircraft competition was held today in Upland. The competition was held at the Upland Air Club, and was attended by a large number of people. The competition was won by a model aircraft built by a young man named John H. Hirsch. The model aircraft was a biplane, and it flew for a record time of 10 minutes.

**HIGHWAYS GRUDGE ROOM FOR EQUINE PENSIONERS**  
Another reminder of the humble position to which Old Dobbin has been relegated by the automobile was noted yesterday when twelve equine guests invited to the Police and Firemen's Pensioners' Association picnic, held at Sycamore Grove Park, failed to appear.

**WIRE TELLS OF ARREST IN SLAYING**  
Texas Police Send Word of Capture of Suspect in Silverstein Murder  
An echo of the murder here on March 30, last, of Max Silverstein, asserted racketeer, came yesterday from Dallas, Tex., in the form of telegraphic advice to police stating that Chief of Detectives Gunning of that city has taken Daniel J. Dennehy in custody as a suspect in the case. Dennehy, the authorities here say, was identified by a woman witness as one of the killers.

**SYSTEM ADVOCATED**  
The Traffic Commission also recommends that the survey advocated in its communication to the Council include a study of different control systems, particularly the flexible progressive system which is the only one that is well adapted to the control of signals on a number of adjacent streets that form a district. It has the following advantages: (1) It permits the continuous movement of traffic at approximately a predetermined speed on both through and cross streets. (2) It makes possible the adjustment of the timing of each signal to the variation in the flow of traffic at the particular intersection controlled by that signal. (3) It discourages speeding, because it forces the driver of a vehicle to make frequent stops if he exceeds the speed determined for the system. (4) It permits modification of the timing throughout a considerable area to adjust it to the differences in the movement of traffic at different hours of the day.

**OLD FRIEND OF SMOKERS DIES AT SEA**  
Tobacco Devotees Mourn Passing of Proprietor of John's Pipe Shop  
News of the death at sea last week of John Hirsch, owner and proprietor of John's Pipe Shop, downtown Los Angeles, was received here yesterday.

**Judges Shifted as McConnell Takes Vacation**  
Departure of Municipal Judge McConnell, presiding in the Night Court on his vacation, necessitates a series of changes in assignment of judges in the Municipal Court. An order issued by Presiding Judge Turley, effective this morning, assigns Judge Reed, who has been sitting in Traffic Court, to preside over the Night Court. Judge Northrup, who has been sitting in a trial division of the criminal court, is transferred to Traffic Court and Judge Thompson, formerly assigned to the Van Nuys division, is assigned to Division Five, a criminal division without jury. To fill the vacancy at Van Nuys, Judge Turley has drafted Clifford H. Thompson, Justice of the Peace of Burbank, who recently was named to succeed the late Judge Frank Gray in that post.

**CAPT. HAWKS FLIES HERE FROM EAST**  
Los Angeles-to-New York Record-Holder Drops from Skies Unannounced  
Capt. Frank Hawks, who last February shattered the nonstop flight record from Los Angeles to New York, has just returned to California. Hawks, who was on his way to the east, dropped from the skies on his way to New York. He was last seen on his way to New York, and his plane was not seen again.

**Jackie Coogan Undergoes Operation**  
Jackie Coogan, 13-year-old film actor, was operated on for appendicitis at the Physicians' and Surgeons' Hospital in Glendale early yesterday morning. The boy was taken to the hospital shortly after midnight when his condition was diagnosed as acute by Dr. H. G. Westphal, the family physician.

**Rties Today for Wife of Singer**  
The funeral of Mrs. Emily May Kennedy, wife of John Kennedy, evangelist singer, will be conducted this morning at 10 o'clock under the auspices of the Bethel Temple, at the George B. Remington Funeral Parlor, 1707 South Flower street. Interment will be made in Inglewood Park Cemetery.

**PARK RADIO CONCERT FUND APPROPRIATED**  
The park board has appropriated \$500 for five radio concerts in city parks during the month of June and July. The board also has appropriated \$500 for a band concert by the Los Angeles Band at Exposition Park on the 30th inst.

**STILLS COST TRIO TERMS IN PRISON**  
Fourteen Sentenced by Superior Court Judges During Last Week  
Three men were sentenced to San Quentin prison during the last week by Superior Court judges for possession of stills, according to the weekly report of Hartley Shaw, presiding judge of the criminal division of Superior Court.

**Three Drown in Rip Tide at Beach Towns**  
Three beach drowning and a number of narrow escapes kept life guards busy along the ocean-front towns yesterday. Two bodies were recovered but life guards searched the waters at Venice in vain for the body of Steve Milos, 19 years of age, who, it is believed, was caught by the rip tide. The youth lived at 8665 Vista del Mar, Venice.

**JACOBSON SCHEDULED TO TESTIFY**  
Councilman May be Called to Stand Today in Trial of "Frame-Up" Case  
Councilman Jacobson is expected to take the stand some time today in the trial of Mrs. Callie Grimes and five police officers, accused of "framing" his arrest on a morals charge the night of August 5, 1927, and relate the circumstances surrounding the incident.

**British Aviatix Sees Southland as Industry Hub**  
Southern California's ideal flying weather and its already humming airplane industry are bound to make it one of the leaders in aviation, is the conclusion of Lady Mary Heath, British aviatix, following an inspection flight to local airfields yesterday.

**Uniform SUNFREZE Fountain Service—Outcome of Years of Merchandising Experience**  
For years California Dairies, Inc.—makers of Sunfreze ice cream—have worked with their dealers to provide the highest possible type of fountain service.

# The AYES have it!

**Everybody votes for SUNFREZE with the FRUIT ON TOP**

Call the roll: mother, father, daughter, son—all boosters for Sunfreze this new way—with the fruit on top. When the whole family likes it—it must be good! It is! And it must give each one just what they want. Sunfreze does! Here's how. They select the flavor—Sunfreze vanilla, chocolate or strawberry. Next they choose their favorite of the four Sunfreze toppings—crushed fresh strawberries, heavy rich chocolate, creamed marshmallow or freshly-crushed pineapple. Then, they smack their lips—m'mm! You will, too! Remember—only Sunfreze dealers can serve you this new way. They are licensed to receive Sunfreze fresh each day—to serve Sunfreze, and only Sunfreze, in cups with Sunfreze fruit topping. Try Sunfreze with the fruit on top—today!

fresh-filled at fountain 10c

**Added Goodness Found in New Sundae Toppings**  
What would be more delicious than Sunfreze, topped high with large, sweet chunks of freshly-crushed strawberries? A dish "fit for a king." Or instead of strawberries, juicy pieces of fresh-ripened pineapple that makes you linger over every bite. These are two of the new Sunfreze toppings that set a new height in fine quality Sundae service. Here's how Sunfreze strawberry topping is made. Selected, whole strawberries are deliciously crushed to leave large fruit particles. Next, the fruit is vacuum-cooked to protect its full flavor and purity. No preservatives or chemical dyes are added at any time. You get the fresh fruit and only the fruit—with all its original goodness. Other Sunfreze toppings are made the same way. Sunfreze pineapple from delicious, fully-ripened, crushed Hawaiian pineapple. Rich Sunfreze chocolate is made from the choicest cocoa; and only thick, creamy marshmallows are used for the creamed Sunfreze marshmallow topping. Every one of the four Sunfreze toppings is truly unrivaled in goodness. And because they are Sunfreze toppings, you always know that they are made to the highest quality standard. Remember, Sunfreze toppings can be obtained only from Sunfreze dealers.
